Education                      Bachelors of Science: Construction Management

List Names of Boards of Commissions in Order of Preference

Selection One                      Planning & Zoning Commission

Selection Two                      Board of Adjustment

Selection Three                      *Field not completed.*

Why do you wish to serve on this board?                      Since I have moved to Roland I have wanted to be more involved in my community but due to my employment with the City of Roland I can not serve on any with in the City. My wife and I moved outside of town last fall and I feel this is good timing on starting to be more involved in the community.

What qualifications do you feel you have?                      With my experience in construction and dealings with the different boards for the city I feel that I can fully understand what is being asked of me for the development of our community.

Do you have anything else to add?                      I also have served as a Firemen for the City of Roland for the last two and half years. After High School I served in the Iowa Army National Guard for 8 years. With these experiences along with working for the city, I feel that I have a good understanding of what communities need moving forward.

THANK YOU FOR YOUR INTEREST IN SERVING STORY COUNTY.
