Narrative

On 6-27-13 at approximately 1505 I responded to a single vehicle rollover accident near the intersection of Lincoln Highway and Collins Street in Colo. Upon arriving on-scene, I observed a Hagie agricultural sprayer on its roof facing north in the north ditch. I spoke with the reporting party "Robert Wilson" who observed the sprayer traveling east on Lincoln Hwy when it made an abrupt turn into the north ditch and rolled onto its roof. Mr. Wilson stated that it appeared that there was possibly a mechanical failure and that he thought the driver was attempting to turn into a field drive due to the fact that the turn occurred so fast and was at a sharp angle. The driver "Calvin Mcfadden" was taken to MGMC with neck and back pain. An extensive recovery effort was conducted by Dave's towing of Ames and the sprayer was removed from the ditch. The sprayer was not full and possibly contained 100 gallons of roundup, it did not appear that any product spilled from the tank.

Lincoln Hwy & Collins St
