**STORY COUNTY, IOWA**  
**RESOLUTION NO. 03-29**

*A resolution finding the County subdivision ordinance inapplicable and waiving the County's right to review and to apply the County's standards and conditions for "subdivision plats" to "Palensky Subdivision, Story County, Iowa."*

**BE IT RESOLVED** by the Board of Supervisors of Story County, Iowa:

1. The Board of Supervisors has authority, as described in article III, section 39A of the Constitution of the State of Iowa and in chapters 354 and 355 of the Code of Iowa (2003) and under the ordinances of Story County, Iowa, to review and approve subdivision plats of lands lying within the unincorporated territory of the county.
2. Edwin B. Finch and Mary E. Finch, husband and wife, have executed and filed a "Consent to Platting" for a subdivision known as "**Palensky Subdivision, Story County, Iowa,**" which is a replat of certain real property within the unincorporated territory of Story County and within two miles of the corporate limits of the City of Ames, more particularly described as:

A part of the West Fractional  $\frac{1}{2}$  of the Northwest Fractional  $\frac{1}{4}$  of Section 18, Township 83 North, Range 24 West of the 5th P.M., Story County, Iowa more particularly described as follows: Beginning at the Northwest Corner of said Section 18; thence North  $89^{\circ} 46' 42''$  East, 1,482.33 feet to the Northeast Corner of the Northwest Fractional  $\frac{1}{4}$  of the Northwest Fractional  $\frac{1}{4}$  of said Section 18; thence South  $00^{\circ} 00' 58''$  East, 2,633.80 feet to the Southeast Corner of the Southwest Fractional  $\frac{1}{4}$  of the Northwest Fractional  $\frac{1}{4}$  of said Section 18; thence South  $89^{\circ} 52' 00''$  West, 1,483.90 feet to the West  $\frac{1}{4}$  Corner of said Section 18; thence North  $00^{\circ} 02' 11''$  East, 1,316.83 feet to the Southwest Corner of the Northwest Fractional  $\frac{1}{4}$  of the Northwest Fractional  $\frac{1}{4}$  of said Section 18; thence North  $00^{\circ} 00' 00''$  East, 90.80 feet along the west line of said Section 18 to the Southwest Corner of Windy 500 Subdivision; thence following the boundary of said Windy 500 Subdivision North  $89^{\circ} 33' 59''$  East, 839.18 feet; thence North  $00^{\circ} 33' 47''$  East, 286.82 feet; thence North  $89^{\circ} 12' 28''$  West, 842.06 feet to the Northwest Corner of Windy 500 Subdivision; thence North  $00^{\circ} 00' 00''$  East, 919.09 feet to the point of beginning.

3. By Resolution 03-014, approved January 14, 2003, the City Council of the City of Ames reviewed and approved said "Palensky Subdivision, Story County, Iowa," in accordance with and as required by Ames municipal ordinances as a "minor subdivision plat."
4. In accordance with the subdivision ordinance of Story County and upon the recommendation of the Story County Planning and Zoning Department and the Story County Attorney, the Board of Supervisors finds that the Story County subdivision regulations and standards do not apply to the division of land in "Palensky Subdivision, Story County, Iowa" and that the regulations and standards for a "plat of survey" should be applied.
5. Having determined that the described land division should be treated by Story County as a "plat of survey," but upon the request of the proprietors for the purpose of satisfying the requirements of section 354.9(2) of the Code of Iowa (if any), the Board of Supervisors hereby waives Story County's right to review and to apply Story County's standards and conditions for "subdivision plats" to "Palensky Subdivision, Story County, Iowa."

- 6. Pursuant to section 354.9(2) of the Code of Iowa, the Auditor shall certify this resolution and cause it to be recorded in the office of the Recorder.
- 7. The Board of Supervisors finds this resolution appropriate and necessary to protect, preserve, and improve the rights, privileges, property, peace, safety, health, welfare, comfort, and convenience of Story County and its citizens, all as provided for in and permitted by section 331.301 of the Code of Iowa (2003).
- 8. All other resolutions or parts of resolutions in conflict with this resolution are hereby repealed. If any part of this resolution is adjudged invalid or unconstitutional, such adjudication shall not affect the validity of the resolution or action of the City Council as a whole or any part thereof not adjudged invalid or unconstitutional. This resolution shall be in full force and effect from and after the date of its approval as provided by law.

Dear Jane:

I am writing to request that current and future property taxes be abated on the property known as the Reed/Niland Corner. As you know Jane, the City of Colo acquired the property and has been working to restore the site to it's 1940's appearance. We hope that when restoration is complete the project will become an area attraction.

The City has the responsibility to maintain the site as a part of it's agreement with the Iowa DOT and the FHWA. Any funds that may be generated at the site by the City will be used for that purpose.

I am enclosing a copy of the property tax statement for your reference. If you need any additional information please do not hesitate to call.

Thanks for your help with this matter. We appreciate your support for this project.

Sincerely,

Scott V. Berka  
City Clerk

**RESOLUTION # 03-49**

**NOTICE TO ALL PROPERTY OWNERS**

Be it resolved by the Board of Supervisors of Story County, Iowa, that pursuant to the provisions of Chapter 317.13, Code of Iowa 2003, it is hereby ordered:

Each owner and each person responsible for managing lands shall cut, burn or otherwise control all noxious weeds as defined in this chapter. Weeds shall be controlled as prescribed in the program of weed control order or orders made by the Board of Supervisors. The owner and person responsible for managing any lands shall keep said lands free from the growth of any other weeds that make the streets or highways adjoining said land unsafe for public travel.

In addition to the weeds listed in the Iowa Code 317, the Board of Supervisors declare the following weeds as noxious: Allaria petiolata (garlic mustard), Myriophyllum spicatum (Eurasian watermilfoil), Polygonum cuspidatum (Japanese bamboo) and Lythrum salicaria (purple loosestrife).

Noxious weeds shall be controlled before the following dates and as often thereafter as is necessary for control:  
Control Defined: Prevention of the spread of noxious weeds by limiting the production of reproductive structures.

- Group 1 by June 5<sup>th</sup>: Garlic mustard, leafy spurge, musk thistle, Eurasian watermilfoil, Japanese bamboo
- Group 2 by June 15<sup>th</sup>: Canada thistle, bull thistle, purple loosestrife
- Group 3 by July 5<sup>th</sup>: Annual sunflower

In case of a failure to comply by the date prescribed in any order of control of weeds, the commissioner, the deputies, or agents may, subsequent to the time after service of the notice provided for in Section 317.6, enter upon the land and control the weeds or impose a maximum penalty of \$10 per day, up to ten days, that the owner or person responsible for managing the land fails to comply. If a penalty is imposed and the owner or person responsible for managing the land fails to comply, the commissioner shall cause the weeds to be controlled. If the commissioner, the deputies or the agents enter the land and control the weeds, the actual cost and expense of cutting, burning or otherwise controlling the weeds, along with the cost of serving notice and special meetings or proceedings, shall be paid by the county and together with the additional assessment to apply toward costs of supervision and administration, be recovered by an assessment against the tract of real estate on which the weeds were growing, as provided in Section 317.21. Any fine imposed shall be recovered by a similar assessment.

The Story County Integrated Roadside Vegetation Management program will spot-spray and or mow serious Canada thistle infestations in county road rights-of-way and will treat other right-of-way vegetation problems as necessary to insure safe travel. Soil erosion by wind and water promotes annual and perennial weed growth on agricultural land and in road rights-of-way. Landowners are encouraged to utilize erosion control methods such as conservation tillage, field borders, buffer strips and grassed waterways.
