EXPLANATION OF THE PROPOSED AMENDMENT

This amendment is necessary to satisfy the objections raised by DHS over access of ISAC case management employees to confidential consumer information.

ISAC employees cannot provide their case management oversight function if they do not have access to consumer files. The DHS objection is not to ISAC having access, but to the fact that the 28E Agreement does not specifically provide for such access, doesn't call for protection of confidential information and doesn't require that a notation be made in the consumer's file of such access.

DHS maintains that if these provisions are not added to the 28E Agreement, they will deny ISAC access to consumer files.

In order to satisfy these DHS objections, and to resolve the access issue once and for all, the CCMS Board of Directors urges passage of this amendment.

STORY COUNTY BOARD OF SUPERVISORS RESOLUTION 94-62

NOTICE TO ALL PROPERTY OWNERS

Be it resolved by the Board of Supervisors of Story County, Iowa, that pursuant to the provisions of Chapter 317, Code of Iowa 1990, it is hereby ordered:

1. That each owner and each person in the possession or control of any lands in Story County shall cut (*1) burn, or otherwise destroy all noxious weeds thereon, as defined by this chapter, at such times in each year and in such manner as shall prevent said weeds from coming to maturity and keep such lands from such growth of any other weeds as shall render the streets or highways adjoining said land unsafe for public travel. Noxious weeds shall be controlled before the following dates and as often thereafter as is necessary to prevent seed production:

Group 1. By June 5, leafy spurge, hoary cress, sour dock, red sorrel, smooth dock, and (*2) musk thistle.

Group 2. By June 15, wild mustard, (*3) Canada thistle, Russian knapweed, and buckhorn plantain.

Group 3. By July 15, field bindweed, wild carrot (also known as Queen Anne's lace), poison hemlock, multiflora rose, horsenettle, perennial sowthistle, quackgrass, velvetleaf, puncture vine, cocklebur, bull thistle, tall thistle, teasel, and (*4) annual sunflower.

2. That each owner and each person in the possession or control of any land in Story County infested with any noxious weeds mentioned above shall adopt a program of weed control which may be expected to prevent seed set and spread of the said noxious weeds.

3. That if the owners or persons in possession or control of any land in Story County fail to comply with the fore-going order, the Weed Commissioner shall cause this work to be done and the expense of said work shall be assessed against the land in the manner provided by the code.

"NO SPRAY" signs are available at the County Engineer's office.

The Story County Integrated Roadside Vegetation Management Program will spot-spray and/or mow serious Canada thistle infestations in county road rights-of-way and will treat other right-of-way vegetation problems as necessary to insure safe travel. Soil erosion by wind and water promotes annual and perennial weed growth on agricultural land and in road rights-of-way. Landowners are encouraged to utilize erosion control methods such as conservation tillage and permanent grass strips bordering road rights-of-way (*5).

(*1) Burning of vegetation in public rights-of-way should be authorized by the Story County Engineer or designee.

(*2) Musk thistle is an increasing problem for pasture owners and is best controlled in the fall rosette or before the plant blooms in late June.

(*3) The Weed Commissioner recommends a second application of herbicide (as per label directions) to Canada thistle infestations after August 15, but before killing frost for more effective control of this perennial weed.

(*4) Annual sunflower must be controlled prior to blooming. Mid-summer field scouting in corn is essential for effective control.

(*5) Contact Tony Maxwell, Story County District Soil Conservationist, for further information.

WHEREAS, Story County, Iowa, owns certain real estate within Story County legally described as:

Lot Sixteen (16) and Lot Seventeen (17) in Longnecker's Second Addition to the City of Cambridge, Iowa.

WHEREAS, there is no appropriate use to which Story County should put this property and the property is of questionable marketability and therefore inappropriate for sale by public auction, the Board of Supervisors deems that it is in the best public interest to sell the property through a private sale to a person submitting a bid and then convey the property pursuant to the provisions of Section 331.361 Code of Iowa; and,

WHEREAS, the Board has previously given appropriate notice of, and has now held a public hearing on this matter; and

WHEREAS, the property should be conveyed by appropriate title documents, and the Chairperson of the Board and the Auditor should be authorized to execute an appropriate deed or other appropriate title documents conveying the property;

NOW, THEREFORE, IT IS HEREBY RESOLVED that the real estate described above shall be sold to a person submitting a bid acceptable to the Board of Supervisors and that the Chairperson of the Board and the Auditor are authorized and directed to execute an appropriate deed and all other documents necessary to convey title in a form acceptable to the Board of Supervisors.
