

**LUCY MARTIN**  
**Story County Auditor**  
**and**  
**Commissioner of Elections**

**TO:** Board of Supervisors  
**FROM:** Lucy Martin  
**DATE:** February 24, 2022  
**RE:** new election equipment

As part of the planned purchase of new election equipment, budgeted in the FY22 Capital Improvements Plan (CIP), my office requested proposals from vendors of the three approved election equipment companies in the State of Iowa. All approved election equipment in Iowa is certified by both the federal Election Assistance Commission (EAC) and the State of Iowa.

My office received three qualified proposals, representing all approved types of election equipment in the State of Iowa, from the following:

- Election Source (vendor of Dominion equipment)
- Election Systems & Software (ES&S)
- Henry M. Adkins & Son, Inc. (vendor of Unisyn equipment)

My choice is the proposal from Adkins. We have been very satisfied with our current equipment and customer support from Adkins. It was also the lowest bid and the only one within our planned budget.

A full contract will be presented to the Board in the near future.
