.....

The Story County Sheriff's Office has budgeted in FY23 to purchase a device/subscription to Electronic Recovery and Access to Data (ERAD). ERAD does not accept any form of payment other than credit card. The Story County Credit Card Policy does not list this type of item as an acceptable purchase without the permission of the Board of Supervisors. Per policy, if approved by the Board, the purchase will have to be made with the Board of Supervisors' credit card.

ERAD is a system able to read magnetic cards. Due to the technology used in crimes today, it is imperative we continue to advance our skills to match those of the offenders.

The recurring yearly cost of ERAD is \$828.00. It is my request the Board approve this purchase with the use of their credit card. The funds would come out of sheriff's office line item:

Thank you for your consideration to this request.
