PROCLAMATION
International Overdose Awareness Day

August 31st, 2024

WHEREAS, International Overdose Awareness Day is recognized globally on August 31st to raise awareness about the risks of drug overdose; promote life-saving tools to reduce overdose deaths; honour loved ones lost to overdose; and acknowledge the grief felt by families, friends, and communities around the world; and

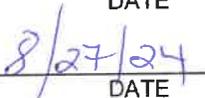

WHEREAS, International Overdose Awareness Day aims to publicly challenge the stigma associated with substance use disorders and overdose deaths; and,

WHEREAS, we resolve to play our part in reducing the toll of overdose in our community, which needlessly claimed the lives of 469 Iowa residents in 2022, together with countless more affected forever; and

WHEREAS, we affirm that the people affected by overdose are our sons and daughters, our mothers and fathers, our brothers and sisters, and are all deserving of our love, compassion, and support; and

WHEREAS, Story County is calling on all communities, the state and the country to support overdose prevention policies and projects and to work together to end the stigma and silence surrounding substance use and overdose.

NOW, THEREFORE, BE IT RESOLVED THAT, We, the Story County Board of Supervisors, do hereby proclaim August 31st, 2024 as International Overdose Awareness Day.

BOARD OF SUPERVISORS RESOLUTION #25-16

RESOLUTION TO ABATE PROPERTY TAXES ON PARCEL OWNED BY POLITICAL SUBDIVISION

WHEREAS, the following parcel of property is currently owned by Story County, Iowa, and
WHEREAS, when Story County acquired this property there were property taxes then due and payable, and
WHEREAS, property held by Story County is exempt from taxation, and
WHEREAS, Section 445.63 Code of Iowa states that county boards of supervisors shall abate such taxes, and
WHEREAS, the Story County Board of Supervisors has determined that the above taxes should be abated;
NOW THEREFORE BE IT RESOLVED, that currently due and payable taxes on the following described real estate are hereby abated in the amount of \$580.00.

0602100105 Parcel "B" a part of the Fractional Northwest Quarter (fr1NW1/4) of the Northwest Quarter (NW1/4) of Section (2), Township Eighty-four (84) North, Range Twenty-three (23) West of the 5th P.M., Story County, Iowa, and containing 20.00 acres, as shown on the Plat of Survey recorded on May 15, 2023.

APPROVED THIS 27th DAY OF AUGUST, 2024 AT NEVADA, STORY COUNTY, IOWA.

City of Collins - FY26 Story County TIF/URA Grant Narrative

Public Park Land and Trail Improvements

Project Title - Collins Area Park, Trail, and Community Safety Initiative

Location of Project - City of Collins.

One - Line Description of your project:

This project is designed to create a vibrant, safe, and inviting opportunity for visitors and residents of Collins alike.

Describe Project/Program goals and objectives:

- Improve upon existing amenities within our City's park system.
- Create viable, family friendly, and safe opportunities for travelers along the Heart of Iowa Trail.
- Establish a higher benchmark of emergency preparedness for residents and travelers.
- Develop greater awareness of opportunities, promote our local economy, and create a more welcoming stopping point for Heart of Iowa Trail travelers.

Project Vitality - Describe the economic or community development impact proposed project will have in Story County.

The requested funding will go directly toward trailhead improvements along the Heart of Iowa Trail located within the City of Collins. Considering the fact that this will be the stopping/starting point for people using this trail, and with the upcoming paving project to be completed within the year only increasing access to the central Iowa trail network, we want to make the most of the economic opportunities that other communities similarly positioned near the trail have enjoyed in recent years. We believe that this area will not only help showcase some of the many things that help make Story County great, but will also help promote local businesses, spark entrepreneurship, and potentially attract new events to the region.

What is the sustainability plan in order to provide ongoing program/project continuity?

We already have established city sustainability plans in place through our public works department, local park and recreation team, and operation practices by the City of Collins. These plans will help maintain all improvements once they are in place and our growing economic development partnerships will continue to allow the City of Collins the ability to apply for non-local funding and initiatives.

In terms of project implementation and development, the Mayor will work closely with the City Council, Public Works Director, City Clerk, and various contractors to maintain progress for improvements.

Project milestone descriptions and timelines:

The City of Collins is focused on completing this project in conjunction with the adjacent Heart of Iowa Trail paving project currently being done by Story County Conservation. Our intent is for Collins to help create viable options for not only the people of our City to utilize and enjoy, but for individuals using the new and improved trail system. In saying that, we see our new pickleball courts as the first milestone for overall project completion. Overall, we are targeting all funded aspects of this project/initiative to be completed with 12 months of accessibility to grant money.

Please provide a 200 word (maximum) description of the project:

Our project has 3 components to it:

Park New Amenities - Installation of a 4 game Pickleball Court (\$55,000), Trailside Food Court Pads (\$24,500), a 9 Hole Frisbee Disc Golf Course (\$10,000), a Dog Park (\$17,000), and Business Signage (\$3,000)

Park Safety/Amenity Upgrade - Upgraded lighting around park walking track (\$19,000), addition of new park equipment (\$30,000), park signage (\$2,000), and replacement fencing around pickleball court for community safety (\$12,500).

Park Weather Safety Program - This program will provide emergency shelters to people using our park and the adjacent trail. Currently, there are no options for people using our softball/baseball fields, pickleball courts, or other park amenities in the event of unsafe weather conditions. With the increased public traffic expected with Story County Conservation's trail paving project, the community is taking the initiative to provide some storm safety options should severe sudden weather arrive unexpectedly. Three shelters, concrete pads to mount them on, and installation budget is \$60,000.

Total Proposed Project Costs: \$233,000

Dollar Amount Requested from Story County for this project: \$167,250

Potential Matching Funds: \$55,750 (These funds have already been allocated from our community's LOST fund.)

Does the requested funding leverage other funding? Is it a match for the other funding? If yes, please describe.

No

Please indicate the source of proposed project costs and estimates:

The source of project costs come from vendor and contractor estimates, as well as from information obtained from other community park departments within Story County, providing regional and local project cost comparisons.

Is the applicant accessing alternative funding sources? If yes, please list sources.

Other funding sources have not been considered in the development of this project. Any efforts to access alternate funding will be dependent upon the support of Story County.

Website: <https://www.storycountyiowa.gov>

August 20, 2024

To: Board of Supervisors
From: Latifah Faisal, Story County Board of Supervisor
RE: Lighting Request for International Overdose Awareness Day

Dear Board of Supervisors,

I would like to request that Story County participate in **International Overdose Awareness Day 2024** by lighting the Administration Building, the Justice Center and the Human Services Center purple on August 31, 2024.

International Overdose Awareness Day (IOAD) is a campaign for communities around the world to come together to remember without shame those lost to overdose, acknowledge the grief of loved ones left behind, reduce the stigma of drug-related deaths, and try to find ways to lessen the incidence and impacts of overdose. It is about taking action to save lives.

One of the most visible and impactful ways the campaign pays tribute to those no longer with us is by illuminating recognizable buildings in purple.

For more information on International Overdose Awareness Day you can visit www.overdoseday.com

I have discussed any impact on work load/time with Facilities Management Director, Joby Brogden. He expressed no concerns.

Thank you for your consideration.

Latifah Faisal
Story County Board of Supervisors

Closure No. 25-02

STORY COUNTY UTILITY PERMIT

Date 8/15/24

To the Board of Supervisors, Story County, Iowa:

The INTERSTATE POWER AND LIGHT Company, incorporated under the laws of Iowa, with its principal place of business at 1284 XE PLACE, AMES, IOWA 50014, does hereby make application requesting permission to occupy certain portions of public right-of-way and that the County Engineer be directed to establish the location of lines of transmission of ELECTRICITY on secondary route 650TH AVE, from 28689 to 28689, a distance of 0 miles.

Agreements: The utility company, corporation, applicant, permittee, or licensee, (hereinafter referred to as the permittee) agrees that the following stipulations shall govern under this permit.

1. The Permittee will file a plat setting out the location of proposed line on the secondary route and that the description of the proposed installation including type, height, and spacing of poles, maximum voltage, lengths of cross arms, minimum clearance and number of wires, type, size and capacity of underground cables, conduits, tile lines, and pipe lines, maximum working pressures for pipe lines carrying gas or flammable petroleum products are described as follows:

DIRECTIONAL DRILLING ACROSS 650TH AVE WITH PRIMARY ELECTRIC IN 2" DUCT TO SERVE CUSTOMER AT 28689 650TH AVE.

2. The installation shall meet the requirements of county, state, and federal laws, franchise rules, and of the Iowa State Commerce Commission Regulations and Directives, Utilities Division, the Iowa State Department of Health, and any other laws or regulations applicable. Utility depth requirements shall meet Iowa Administrative Code 761—115.13(306A).

3. The Permittee shall be fully responsible for any future adjustments of its facilities within the established highway right-of-way caused by highway construction or maintenance operations.

4. Story County assumes no responsibility for damages to the Permittee's property occasioned by any construction or maintenance operations on said highways.

5. The Permittee shall take all reasonable precautions during the construction and maintenance of said installation to protect and safeguard the lives and property of the traveling public and adjacent property owners.

6. The Permittee, and its contractors, shall carry on the construction or repair of the accommodated utility with serious regard to the safety of the public. Traffic protection shall be in accordance with Part VI of the current Iowa Department of Transportation Manual on Uniform Control Devices for Streets and Highways.

7. The Permittee shall be responsible for any damage resulting to said highways because of the construction operation, or maintenance of said utility, and shall reimburse Story County for any expenditure the County may have to make on said highways because of said permittee's utility having been constructed, operated, and maintained thereon.

8. The Permittee shall indemnify and save harmless Story County from any and all causes of action, suits at law or in equity, or losses, damages, claims, or demands, and from any and all liability and expense of whatsoever nature for, on account of or due to the acts or omissions of said Permittee's officers, members, agents, representatives, contractors, employees or assigns arising out of or in connection with its (or their) use or occupancy of the public highway under this permit.

9. Noncompliance with any of the terms of permit, or agreement, may be considered cause for shut down of utility construction operations, or revocation of the permit.

10. The following special requirements, if applicable, shall apply to this permit:

Whenever the route of the proposed cable line runs along a paved secondary highway, the location of said cable shall be constructed in the ditch bottom near the backslope or on top of the backslope near the r.o.w. line.

Whenever the route of the proposed cable line runs along a dirt or gravel surfaced highway, the location of said cable shall be constructed on top of the road surface and as near possible to the shoulder line

Whenever a cross road culvert or bridge is encountered along the route of the proposed cable lines, said cable shall be constructed around the ends of said cross road culvert or bridge even though this looping is not designated on the situation plans attached hereto.

The crossing of the cable line from one side of the highway to the other shall be accomplished at a near right angle rather than diagonally so as to disturb the roadbed of the traveled way as little as possible.

Whenever the route of the proposed cable line is to cross a paved highway, such crossing shall be in a bored hole rather than open cut trench.

CAMBRIDGE - 33451 578TH AVE
WO 1022914

STORY COUNTY UTILITY PERMIT

Date 08/15/2024

To the Board of Supervisors, Story County, Iowa:

The Iowa State University of Science and Technology Company, incorporated under the laws of Iowa, with its principal place of business at 1350 Beardshear Hall, 515 Morrill Rd. Ames, IA 50011, does hereby make application requesting permission to occupy certain portions of public right-of-way and that the County Engineer be directed to establish the location of lines of transmission of optical fiber on secondary route 260th St, from 520th Ave to 500th Ave, a distance of 2.05 miles.

Agreements: The utility company, corporation, applicant, permittee, or licensee, (hereinafter referred to as the permittee) agrees that the following stipulations shall govern under this permit.

1. The Permittee will file a plat setting out the location of proposed line on the secondary route and that the description of the proposed installation including type, height, and spacing of poles, maximum voltage, lengths of cross arms, minimum clearance and number of wires, type, size and capacity of underground cables, conduits, tile lines, and pipe lines, maximum working pressures for pipe lines carrying gas or flammable petroleum products are described as follows:

Installation of underground optical fiber in conduit by the means of plow or boring. Boring will be used to install conduit under roads and plowing will be used in open spaces. Plowing will open the earth, lay the conduit and reclose the earth to previous condition. *CO-LOCATE WITH ALLIANT PERMIT # 24-7531*

2. The installation shall meet the requirements of county, state, and federal laws, franchise rules, and of the Iowa State Commerce Commission Regulations and Directives, Utilities Division, the Iowa State Department of Health, and any other laws or regulations applicable.

3. The Permittee shall be fully responsible for any future adjustments of its facilities within the established highway right-of-way caused by highway construction or maintenance operations.

4. Story County assumes no responsibility for damages to the Permittee's property occasioned by any construction or maintenance operations on said highways.

5. The Permittee shall take all reasonable precautions during the construction and maintenance of said installation to protect and safeguard the lives and property of the traveling public and adjacent property owners.

6. The Permittee, and its contractors, shall carry on the construction or repair of the accommodated utility with serious regard to the safety of the public. Traffic protection shall be in accordance with Part VI of the current Iowa Department of Transportation Manual on Uniform Control Devices for Streets and Highways.

7. The Permittee shall be responsible for any damage resulting to said highways because of the construction operation, or maintenance of said utility, and shall reimburse Story County for any expenditure the County may have to make on said highways because of said permittee's utility having been constructed, operated, and maintained thereon.

8. The Permittee shall indemnify and save harmless Story County from any and all causes of action, suits at law or in equity, or losses, damages, claims, or demands, and from any and all

liability and expense of whatsoever nature for, on account of or due to the acts or omissions of said Permittee's officers, members, agents, representatives, contractors, employees or assigns arising out of or in connection with its (or their) use or occupancy of the public highway under this permit.

9. Noncompliance with any of the terms of permit, or agreement, may be considered cause for shut down of utility construction operations, or revocation of the permit.

10. The following special requirements, if applicable, shall apply to this permit:

Whenever the route of the proposed cable line runs along a paved secondary highway, the location of said cable shall be constructed on top of the road shoulder so as to be within approximately two-feet of the pavement edge.

Whenever the route of the proposed cable line runs along a dirt or gravel surfaced highway, the location of said cable shall be constructed on top of the road surface and as near possible to the shoulder line

Whenever a cross road culvert or bridge is encountered along the route of the proposed cable lines, said cable shall be constructed around the ends of said cross road culvert or bridge even though this looping is not designated on the situation plans attached hereto.

The crossing of the cable line from one side of the highway to the other shall be accomplished at a near right angle rather than diagonally so as to disturb the roadbed of the traveled way as little as possible.

Whenever the route of the proposed cable line is to cross a paved highway, such crossing shall be in a bored hole rather than open cut trench.

RESOLUTION NO. 25-12

RECORD OF HEARING AND ADOPTION OF BUDGET AMENDMENT
STORY COUNTY

Fiscal Year July 1, 2024 - June 30, 2025

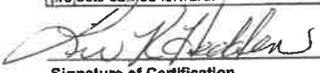

STORY COUNTY conducted a public hearing for the propose of amending the current budget for the fiscal year ending June 30, 2025

Meeting Date: 8/27/2024 Meeting Time: 10:00 AM Meeting Location: Story County Administration Building, Public Meeting Room, 2nd Fl, 900 8th St., Nevada, IA 50201

The governing body of the STORY COUNTY met with a quorum present and found that the notice of time and place of the hearing had been published as required by law and that the affidavit of publication is on file with the county auditor. After hearing public comment the governing body took up the amendment to the budget for final consideration and determined that said budgeted expenditures be amended as follows:

REVENUES & OTHER FINANCING SOURCES		Total Budget as Certified or Last Amended	Current Amendment	Total Budget After Current Amendment
Taxes Levied on Property	1	29,973,942	0	29,973,942
Less: Uncollected Delinquent Taxes - Levy Year	2	0	0	0
Less: Credits to Taxpayers	3	596,638	0	596,638
Net Current Property Tax	4	29,377,304	0	29,377,304
Delinquent Property Tax Revenue	5	1,500	0	1,500

RE: Request for ASSET Funding to Hire A Consultant, in Partnership With Other ASSET Funders

Last year, ASSET Funders released a Request for Proposal (RFP) for emergency shelter services for adults and families for FY24. A single proposal was received and Funders decided not to make the award. Since then, The Salvation Army (TSA) has ramped up its services in this area and is housing homeless clients in area hotels. Some of the funds Story County set aside in support of the referenced RFP was allocated to TSA to support its program expansion, and \$49,330 remain available (\$40,000 of the originally allocated \$89,330 for FY24 was awarded to TSA). Earlier this year, the Board also approved a request to carry over those remaining funds for use in FY25.

A familiar refrain is that homelessness should be “rare, brief, and nonrecurring.” However, that may not be the reality of unhoused individuals and families. At the time of this writing, TSA is housing 30 clients (including six children) in four area hotels. Recognizing that the homeless population appears to be increasing at a time when there is limited shelter space, the ASSET Admin Team understands that we have an opportunity to develop a more comprehensive solution for addressing homelessness in the community but realizes that effectively addressing this issue is not something one organization can do alone. We need to gain a more accurate picture of the situation and discuss the topic with other stakeholders. Additionally, funding is needed to hire a consultant to study the situation, facilitate community conversations, and recommend data-informed strategies and recommendations for consideration.

Approval is requested to spend up to \$12,000 of the ASSET funds from the remaining aforementioned \$49,330 that had been set aside for the RFP. The City of Ames is also contributing up to \$12,000 for this effort.

Respectfully,

Sandra King
