This analysis provides an in-depth overview of the key provisions within the Interim Final Rule, with a specific focus on how each of these items may impact county governments. The analysis covers eligibility criteria for the use of funds, compliance and financial reporting, and

key dates for county actions. This report also highlights several key differences between the ARP county aid and the previous county aid under the CARES Act's Coronavirus Relief Fund (CRF), ***especially related to payroll support for public health, public safety and other related staff.***

KEY DATES

- **NOW:** [Treasury portal](#) is now open for counties to register and request Recovery Funds
- **JULY 9, 2021:** Deadline to submit comments on U.S. Treasury's [Interim Final Rule](#)
- **AUGUST 31, 2021:** Deadline for counties to submit first Interim Report to U.S. Treasury

EXECUTIVE SUMMARY: QUICK GUIDE FOR COUNTY OFFICIALS

1. THE FISCAL RECOVERY FUND WAS ESTABLISHED TO HELP TURN THE TIDE ON THE PANDEMIC, ADDRESS ITS ECONOMIC FALLOUT AND LAY THE FOUNDATION FOR A STRONG AND EQUITABLE RECOVERY.

There are five primary ways – outside of the “lost revenue allowance” – that counties may invest Funds:

- ❑ **Support public health response:** Fund COVID-19 mitigation efforts, medical expenses, behavioral health care and certain county public health, public safety, human services and other related staff
- ❑ **Address negative economic impacts:** Respond to economic harms to workers, families, small businesses, impacted industries and rehiring of public sector workers (including county staff)
- ❑ **Replace public sector revenue loss:** Use funds to provide government services to the extent of the reduction in revenue experienced during the pandemic – *this provision allows a much broader use of Funds*
- ❑ **Premium pay for essential workers:** Offer additional compensation, up to \$13 per hour in additional wages, to those – both county employees and other essential workers in the community – who have faced and continue to face the greatest health risks due to their service. Counties should prioritize low- and moderate-income persons, with additional written justification needed for workers above 150 percent of the residing state’s average annual wage for all occupations or their residing county’s average annual wage, whichever is higher.
Funds can be used retroactively back to January 27, 2020
- ❑ **Water, sewer and broadband infrastructure:** Make necessary investments to improve access to clean drinking water, invest in wastewater and stormwater infrastructure and provide unserved or underserved locations with new or expanded broadband access

COUNTIES HAVE BROAD FLEXIBILITY SO LONG AS THEY CAN DEMONSTRATE THAT THESE ACTIVITIES SUPPORT THE PUBLIC HEALTH RESPONSE OR THAT RECIPIENTS OF THE RECOVERY FUNDS HAVE EXPERIENCED ECONOMIC HARM FROM THE PANDEMIC

2. FUNDS MAY COVER COSTS FROM MARCH 3, 2021 THROUGH DECEMBER 24, 2024

The covered period begins March 3, 2021 and ends on December 31, 2024, with **a few important distinctions and exceptions to the covered period:**

- ❑ Funds must be **INCURRED** (i.e. obligated) by December 31, 2024
- ❑ Funds must be **EXPENDED** with all WORK PERFORMED and COMPLETED by December 31, 2026
- ❑ **Counties may provide premium pay retroactively**, dating back to the start of the public health emergency on January 27, 2020

3. **BROAD FLEXIBILITY TO HELP THOSE DISPROPORTIONATELY IMPACTED BY THE COVID-19 PANDEMIC**

The Interim Rule states under its first eligible use category – ***responding to public health needs and negative economic impacts from the pandemic*** – that funds must respond to “the disease itself or the harmful consequences of the economic disruptions resulting from or exacerbated by the COVID-19 public health emergency.”

- ❑ Whether it be public health expenses or economic investments, counties have broad flexibility if the county can demonstrate that these activities support the public health response or that recipients of the Recovery Funds have experienced economic harm from the pandemic
- ❑ Additionally, the Interim Rule provides even greater flexibility for Qualified Census Tracts (QCTs) and other communities, households and businesses disproportionately impacted by the pandemic

4. **UNDERSTAND THE IMPORTANT DIFFERENCES BETWEEN CARES ACT CORONAVIRUS RELIEF FUND (CRF) AND ARP FISCAL RECOVERY FUND, ESPECIALLY FOR COUNTY EMPLOYEE PAYROLL SUPPORT**

Eligible expenses under the CRF are also eligible under the Recovery Fund, ***with two major exceptions:***

- ❑ **New, more restrictive allowance with county payroll support for public health and public safety employees** (See page 13 of this analysis for more information). The CARES Act CRF allows a much broader allowance for county employee payroll support. More narrowly defined, ARP Recovery Funds may be used for “payroll and covered benefits expenses for public safety, public health, health care, human services, and similar employees, to the extent that their services are devoted to mitigating or responding to COVID-19.” Counties may consider public health and public safety employees to be entirely devoted to mitigating/responding to COVID-19, and are fully recovered, if the employee, or his/her operating unit or division, is primarily dedicated to responding to the COVID-19 public health emergency
- ❑ Expenses related to issuing tax-anticipation notes are ***not an eligible expense***

RECOVERY FUNDS ARE MORE RESTRICTIVE THAN THE CARES ACT’S CRF DOLLARS FOR COUNTY PAYROLL SUPPORT. THE INTERIM RULE PLACES NEW, MORE RESTRICTIVE LANGUAGE RELATED TO COUNTY PAYROLL SUPPORT FOR ***PUBLIC HEALTH AND PUBLIC SAFETY EMPLOYEES***

5. **USE OF RECOUPED “LOST REVENUE” IS MORE FLEXIBLE THAN OTHER RECOVERY FUND ELIGIBILITY**

Counties may use Recovery Funds for the provision of “government services” to the extent of the reduction in revenue experienced due to the COVID-19 public health emergency. The **term “government services” outlines very broad and flexible uses of revenue recoupment funds** outside the standard eligibility requirements outlined in other categories (Public Health Response, Negative Economic Impacts, Premium Pay and Water, Sewer and Broadband Infrastructure) of the Interim Rule. For example, while general infrastructure and economic development investments are not generally eligible under the Fund,

counties may use an amount up to their “lost revenue” amount for these activities. ***However, lost revenue recoupment shall not be used for rainy day or reserve funds, or debt service payments***

6. RECOVERY FUNDS MAY NOT BE USED AS NON-FEDERAL MATCH, UNLESS SPECIFICALLY AUTHORIZED

Recovery Funds shall not be used as the local match for other federal programs (i.e. Medicaid, EDA, EPA Drinking Water and Clear Water State Revolving Funds), unless specifically allowed by the underlying/source federal program. ***It is important to note that counties may use their Funds to match other state and local government allocations of Treasury ARP Recovery Funds, if used within the county***

- ❑ **Under a February 3, 2021 presidential directive, FEMA is authorized to provide 100 percent federal funding for the cost of COVID-related activities** previously determined as eligible, from the beginning of the pandemic (January 27, 2020) to September 30, 2021. In addition, the directive allows FEMA to expand activities eligible for reimbursement from January 21, 2021 until September 30, 2021. Specifically, costs to support the safe opening and operation of eligible schools, child care facilities, health care facilities, non-congregate shelters, domestic violence shelters, and transit systems are now eligible

7. COUNTIES MAY USE RECOVERY FUNDS FOR ROUTINE PENSION COSTS OF EMPLOYEES

Recovery Funds cannot be used for *deposits* into defined benefit pension funds. **HOWEVER**, Treasury defines a “deposit” as an extraordinary contribution to a defined benefit pension fund for the purpose of reducing an accrued, unfunded liability. ***Counties may use funds for routine payroll contributions to pensions of employees whose wages and salaries are an eligible use***

8. REHIRING LOCAL GOVERNMENT STAFF TO PRE-PANDEMIC LEVELS

The Interim Final Rule permits the rehiring of public sector staff, including county employees, up to the pre-pandemic staffing level, which is measured based on employment as of January 27, 2020. Furthermore, counties may use Recovery Funds toward payroll, covered benefits, and other costs associated with rehiring public sector staff

9. COUNTIES MAY USE RECOVERY FUNDS TO INVEST IN CERTAIN CRITICAL INFRASTRUCTURE PROJECTS

The Interim Rule specifically states that Recovery Funds may support necessary investments in drinking water, waste and stormwater, and high-quality broadband services

- ❑ **For water, stormwater and sewer investments**, the Interim Rule aligns eligible projects with the listing of activities allowed under the Environment Protection Agency’s (EPA) [Clean Water State Revolving Fund](#) and [Drinking Water State Revolving Fund](#)
- ❑ **For broadband investments**, eligible projects ***are intended*** to provide services that meet at least 100 megabits per second upload and download, wherever practicable
- ❑ **General economic development and infrastructure projects**, such as road construction or bridge repair, unrelated to COVID-19 are ***not*** an eligible expense, ***unless funded through a county’s “lost revenue” replacement allowance***

ELIGIBLE EXPENSES

1. SUPPORT PUBLIC HEALTH RESPONSE

INTERIM FINAL RULE: REFERENCES P. 12-23 | RULE DEFINITIONS P. 138-140

Among the potential uses of funds, the Interim Final Rule outlines:

*For administrative convenience, counties may consider public health and public safety employees to be entirely devoted to mitigating or responding to the COVID-19 public health emergency, and therefore fully covered, if the employee and their operating unit or division, **“is primarily dedicated to responding to the COVID-19 public health emergency.”***

- **ADDRESS DISPARITIES IN PUBLIC HEALTH OUTCOMES**

In recognition of the disproportionate impacts of the COVID-19 pandemic on health outcomes in low-income and Native American communities and the importance of mitigating these effects, **the Interim Final Rule identifies a broader range of services and programs that will be presumed to be responding to the public health emergency when provided in these communities.** Specifically, Treasury will presume that certain types of services are eligible uses when provided in a Qualified Census Tract (QCT), to families and populations living in a QCT, or other households, businesses or populations disproportionately impacted by the COVID-19 public health emergency

3. PREMIUM PAY FOR ESSENTIAL WORKERS

INTERIM FINAL RULE: REFERENCES P. 40-46, 106 | RULE DEFINITIONS P. 119, 127

Funds may be used by counties to provide premium pay to eligible workers performing essential work during the COVID-19 public health emergency or to provide grants to third-party employers within the county to compensate eligible workers for performing essential work.

Recovery Funds may be used by recipients, including counties, to provide premium pay to eligible county workers performing essential work during the COVID-19 public health emergency or to provide grants to third-party employers within the county to compensate those eligible workers who perform essential work.

- **DEFINING THE CONCEPT OF PREMIUM PAY AND ESSENTIAL WORKERS:** To ensure that premium pay is targeted to workers that faced or face heightened risks due to the character of their work, the Interim Final Rule defines essential work *as work involving regular in-person interactions or regular physical handling of items that were also handled by others. **An individual who teleworked from a residence may not receive premium pay***
- **PREMIUM PAY MAY BE PROVIDED RETROACTIVELY FOR WORK PERFORMED AT ANY TIME SINCE THE START OF THE COVID-19** public health emergency (January 27, 2020), where those workers have yet to be compensated adequately for work previously performed
- **WORKERS THAT ARE ELIGIBLE FOR PREMIUM PAY** include:
 - ❑ **Any work performed by an employee of the state, local or tribal government**
 - ❑ Staff at nursing homes, hospitals, and home care settings
 - ❑ Workers at farms, food production facilities, grocery stores, and restaurants
 - ❑ Janitors and sanitation workers
 - ❑ Truck drivers, transit staff and warehouse workers
 - ❑ Public health and safety staff
 - ❑ Childcare workers, educators and other school staff
 - ❑ Social service and human services staff
- **PREMIUM PAY DEFINITION:** Premium pay means an amount up to \$13 per hour in addition to wages or remuneration the worker otherwise receives and in an aggregate amount not to exceed \$25,000 per eligible worker
- **TREASURY URGES COUNTIES TO PRIORITIZE PREMIUM PAY FOR LOW- AND MODERATE-INCOME PERSONS:** Counties should prioritize low- and moderate-income persons, with additional written justification needed for essential workers above 150 percent of the residing state’s average annual wage for all occupations or their residing county’s average annual wage, whichever is higher

PREMIUM PAY MAY BE PROVIDED RETROSPECTIVELY FOR WORK PERFORMED AT ANY TIME SINCE THE START OF THE COVID-19 PUBLIC HEALTH EMERGENCY – JANUARY 27, 2020

4. PAYROLL EXPENSES FOR PUBLIC HEALTH & PUBLIC SAFETY EMPLOYEES

INTERIM FINAL RULE: REFERENCES P. 20-21 | RULE DEFINITIONS P. 140

Covering payroll and benefits for public safety and public health employees is more restrictive than what was allowed under the CARES Act’s Coronavirus Relief Fund.

As stated in the Interim Rule, Recovery Funds may be used for payroll and covered benefits as follows:

- **PAYROLL AND COVERED BENEFITS EXPENSES** for county public safety, public health, health care, human services and similar employees *to the extent that their services are devoted to mitigating or responding to the COVID-19 public health emergency*
- Support the payroll and covered benefits for the portion of the **EMPLOYEE’S TIME THAT IS DEDICATED TO RESPONDING TO THE COVID-19 PUBLIC HEALTH EMERGENCY**
- **FOR ADMINISTRATIVE CONVENIENCE**, counties may consider public health and safety employees to be entirely devoted to mitigating or responding to the COVID-19 public health emergency, and therefore fully covered, if the employee, or his/her operating unit or division, is primarily dedicated to responding to the COVID-19 public health emergency
- Recipients may reconsider and assess the **EXTENT AN EMPLOYEE, DIVISION OR OPERATING UNIT IS ENGAGED IN ACTIVITIES THAT RESPOND TO COVID-19**. A recipient can provide payroll records, attestations from supervisors/staff or regular work product or correspondence demonstrating work on COVID-19 response. **Counties DO NOT need to routinely track staff hours at the employee level**

The table below highlights the key differences between ARP and CARES Act guidance as it relates to **payroll and covered benefits for public health and public safety employees**:

ARP FISCAL RECOVERY FUND GUIDANCE	CARES ACT CRF GUIDANCE
<ul style="list-style-type: none"> • Funds may be used for payroll/benefits for public, safety, public health, health care, human services and similar employees • Funds can be used to support the payroll/benefits for the portion of the employee’s time that is dedicated to responding to COVID-19 • Counties may consider public health/safety employees to be entirely devoted to mitigating/responding to COVID-19, and are fully recovered, if the employee, or his/her operating unit or division, is primarily dedicated to responding to the COVID-19 public health emergency. 	<ul style="list-style-type: none"> • As a matter of administrative convenience in light of the emergency nature of this program, a state, territorial, local or tribal government may presume that payroll costs for public health and public safety employees are payments for services substantially dedicated to mitigating or responding to the COVID-19 public health emergency, unless the chief executive (or equivalent) of the relevant government determines that specific circumstances indicate otherwise • All costs of such employee may be covered using payments from the Fund

5. REPLACE PUBLIC SECTOR REVENUE LOSS

INTERIM FINAL RULE: REFERENCES P. 51-60, 118-119 | RULE DEFINITIONS P. 135, 143-144

Counties may use Fiscal Recovery Funds for the provision of “government services” to the extent of the reduction in revenue experienced due to the COVID-19 public health emergency.

Counties may use Recovery Funds for the provision of “government services” to the **extent of the reduction in revenue experienced due to the COVID-19 public health emergency**. This means that the amount determined as “lost revenue” may be used for most regular government purposes, **except for activities such as rainy day or reserve funds and for debt service payments**.

The Interim Final Rule implements these provisions by establishing a definition of “general revenue” for purposes of calculating a loss in revenue and by providing a methodology for calculating revenue lost due to the COVID-19 public health emergency.

- **DEFINITION OF GENERAL REVENUE**

Based on Census Bureau’s definition and includes revenue from taxes, current charges, miscellaneous general revenue, and intergovernmental transfers between state and local governments (*Note: definition excludes federal intergovernmental transfers to counties including CARES Act funding*)

- ❑ Excludes other correction transactions proceeds from issuance of debt or the sale of investments, agency or private trust transactions and revenue generated by utilities, intergovernmental transfers from the federal government (federal transfers made to a state/locality)

- **DEFINITION OF GOVERNMENT SERVICES**

Government Services included, **but are not limited to:**

- ❑ Maintenance or pay-go pay-go funded building of **infrastructure, including roads**
- ❑ Modernization of **cybersecurity**, including hardware, software, and protection of critical infrastructure
- ❑ **Health** services
- ❑ **Environmental** remediation
- ❑ **School or educational** services
- ❑ Provision of **police, fire, and other public safety services**

RECOVERY FUNDS USED TO REPLACE “REVENUE LOSS” ARE FLEXIBLE AND MAY BE USED FOR A BROAD RANGE OF GOVERNMENT SERVICES, PROGRAMS AND PROJECTS OUTSIDE OF TYPICAL ELIGIBLE USES OF RECOVERY FUNDS UNDER THE INTERIM RULE. **HOWEVER, REVENUE RECOUPMENT CANNOT BE USED FOR RAINY DAY FUNDS OR DEBT SERVICE PAYMENTS**

- **REQUIREMENTS WHEN CALCULATING REVENUE LOSS**

When calculating revenue loss, a county must adhere to the following guidelines:

- ❑ Recipients should calculate revenue on an **entity-wide basis** (*i.e. county government-wide basis*)
- ❑ Recipients **cannot use pre-pandemic projections** as a basis to estimate the reduction in revenue
- ❑ Recipients should (*i.e. may*) calculate the extent of the reduction in revenue as of four points in time:
 - December 31, 2020
 - December 31, 2021
 - December 31, 2022, and
 - December 31, 2023

- **STEPS FOR CALCULATING LOST REVENUE**

1. Identify revenues collected in the **most recent full fiscal year prior to the public health emergency (i.e. January 27, 2020), called the base year revenue**. In calculating revenue, recipients should sum across all revenue streams covered as general revenue

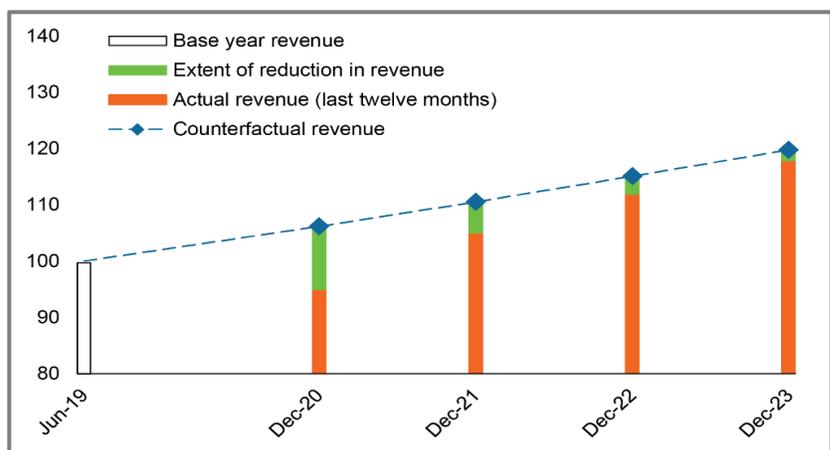

2. **Estimated counterfactual revenue**, which is equal to base year revenue:

$[(1 + \text{growth adjustment})^{(n/12)}]$, where n is the number of months elapsed since the end of the base year to the calculation date, and *growth adjustment* is the greater of 4.1 percent and the recipient’s average annual revenue growth in the three full fiscal years prior to the COVID-19 public health emergency

3. **Identify actual revenue**, which equals revenues collected over the past 12 months of the calculation date

4. The extent of the reduction in revenue is equal to *counterfactual revenue* less than *actual revenue*. If actual revenue exceeds counterfactual revenue, **the extent of the reduction in revenue is set to zero for that calculation date**

THE OVERALL METHODOLOGY FOR CALCULATING THE REDUCTION IN REVENUE IS ILLUSTRATED IN THE FIGURE, AT RIGHT:

6. WATER & SEWER INFRASTRUCTURE

INTERIM FINAL RULE: REFERENCES P. 62-68 | RULE DEFINITIONS P. 144

To assist in meeting the critical need for investments and improvements to existing infrastructure in water and sewer, counties can invest Recovery Funds in these sectors. The Interim Final Rule outlines eligible uses within each category, allowing for a broad range of necessary investments in projects that improve access to clean drinking water, improve wastewater and stormwater infrastructure systems.

To assist in meeting the critical need for investments and improvements to existing infrastructure in water and sewer, counties can invest Recovery Funds in these sectors. The Interim Final Rule outlines eligible uses within each category, allowing for a broad range of necessary investments in projects that improve access to clean drinking water, improve wastewater and stormwater infrastructure systems.

The Interim Final Rule does this by aligning eligible uses of the Recovery Funds with the wide range of types or categories of projects that would be eligible to receive financial assistance through the Environment Protection Agency's (EPA) [Clean Water State Revolving Fund](#) and [Drinking Water State Revolving Fund](#).

- **CLEAN WATER (SRF) PROJECTS**

The CWSRF provides financial assistance for a wide range of water infrastructure projects to **improve water quality and address water pollution** in a way that enables each state (or county) to address and prioritize the needs of their populations

- The types of projects eligible for **Clean Water SRF assistance** include:

- Projects to construct, improve and repair **wastewater treatment plants**
- Control **non-point sources** of pollution
- **Improve resilience** of infrastructure to severe weather events
- Create **green infrastructure**
- **Protect waterbodies** from pollution

- Under the Clean Water SRF, each of the 51 State programs normally have the flexibility to direct funding to their particular environmental needs, and each state may also have its own statutes, rules and regulations that guide project eligibility. ***With the Recovery Fund, the intent of the Interim Final Rule is outline the list of eligible projects that a county may consider for investment***

THE INTERIM RULE ALIGNS ELIGIBLE
USES OF RECOVERY FUNDS FOR WATER
& SEWER INFRASTRUCTURE WITH
PROJECTS THAT ARE ELIGIBLE TO
RECEIVE FINANCIAL ASSISTANCE
NORMALLY THROUGH EPA'S CLEAN
WATER SRF & DRINKING WATER SRF

- **DRINKING WATER (SRF) PROJECTS**

The primary use of DWSRF funds is to assist communities in making **water infrastructure capital improvements**, including the installation and replacement of failing treatment and distribution systems. In administering these programs, counties must give priority to projects that:

- ❑ Ensure compliance with applicable health and environmental safety requirements
- ❑ Address the most serious risks to human health
- ❑ Assist systems most in need on a per household basis according to State affordability criteria

- **OTHER ELIGIBLE USES OF RECOVERY FUNDS**

include projects related to:

- ❑ Stormwater runoff
- ❑ Water pollution
- ❑ Flood control
- ❑ Green infrastructure that support stormwater resiliency, including rain gardens and green streets

-
- **As stated in Treasury’s Recovery Fund FAQ document, the National Environmental Policy Act (NEPA) does not apply to Treasury’s administration of funds.**

However, projects supported with payments from the Fund may still be subject to NEPA review ***if they are also funded by other federal financial assistance programs***

- The Interim Rule “**encourages**” counties to ensure that water, sewer, and broadband projects **use strong labor standards**, including project labor agreements and community benefits agreements that offer wages at or above the prevailing rate and include local hire provisions

HOW COUNTIES INVEST IN AMERICA’S INFRASTRUCTURE SYSTEM

\$22.6 BILLION

in sewage and waste management

\$134 BILLION

in infrastructure, including maintaining and operating public works

7. BROADBAND INFRASTRUCTURE

INTERIM FINAL RULE: REFERENCES P. 69-77 | RULE DEFINITIONS P. 145

Recognizing the need for such connectivity, Recovery Funds may be used by state, territorial, local and tribal governments to make necessary investments in broadband infrastructure.

The COVID-19 public health emergency has underscored the importance of universally available, high-speed, reliable and affordable broadband coverage as millions of Americans rely on the internet to participate in, among critical activities, remote school, healthcare and work. Recognizing the need for such connectivity, the ARPA provides funds to state, territorial, local and tribal governments to make necessary investments in broadband infrastructure.

Additional guidance and requirements around use of Recovery Funds for broadband infrastructure are as follows:

- ❑ **Unserved and underserved households:** Funds may be used to make necessary investments in broadband infrastructure aimed at “unserved or underserved” communities. Treasury defines unserved and underserved at speeds below 25 Mbps download and 3 Mbps upload
- ❑ **Eligible projects are expected to meet or exceed symmetrical upload and download speeds of 100 Mbps.** However, in instances where required speeds cannot be achieved (due of the geography, topography, or excessive costs), the affected project would be expected to meet or exceed 100 Mbps download with a minimum of 20 Mbps upload with scalability to a symmetrical minimum of 100 Mbps
- ❑ **U.S. Treasury used the [Federal Communication Commission’s \(FCC\) Broadband Speed Guide](#) to determine appropriate speed requirements for all eligible projects**

THE INTERIM FINAL RULE PROVIDES THAT ELIGIBLE INVESTMENTS IN BROADBAND ARE THOSE THAT ARE DESIGNED TO PROVIDE SERVICES MEETING ADEQUATE SPEEDS AND ARE PROVIDED TO UNSERVED AND UNDERSERVED HOUSEHOLDS AND BUSINESSES

8. INELIGIBLE EXPENSES

INTERIM FINAL RULE: REFERENCES P. 78-97 | RULE DEFINITIONS P.134-135, 145-147

Treasury defines a “deposit” as an extraordinary contribution to a defined benefit pension fund for the purpose of reducing an accrued, unfunded liability. Recipients may use funds for routine payroll contributions to pensions of employees whose wages and salaries are otherwise an eligible use.

The Interim Final Rule outlines identifies **several ineligible uses of Recovery Funds**, including:

- **PENSION FUNDS**

Funds shall not be used for “**extraordinary**” **deposits** into a defined pension fund

- ❑ **HOWEVER**, Treasury defines a “deposit” as an *extraordinary contribution* to a pension fund for the purpose of reducing an accrued, unfunded liability. **Recipients may use funds for routine payroll contributions to pensions of employees whose wages and salaries are otherwise an eligible use**

- **NET REDUCTION IN TAX REVENUE (LIMITED TO STATES AND TERRITORIES)**

If a state or territory has a reduction in net tax revenue, they must demonstrate how they paid for the tax cuts from a source(s) other than the Recovery Fund (**Note: This provision does not apply to counties**)

- **OTHER RESTRICTIONS** include:

- ❑ **Using funds for non-federal match** when barred by another federal regulation or statute, including EPA’s Clean Water SRF, Drinking Water SRF, Economic Development Administration or Medicaid
 - **See note on page 4 related to presidential order on FEMA’s state and local cost-share waiver**
- ❑ **Funding debt service**, including costs associated with tax anticipation notes (TANs) or issuing short-term revenue (**Note: This is different than the CARES Act CRF, which allowed use of funds for TANs**)
- ❑ **Legal settlement** or judgements
- ❑ **Deposits to rainy day funds** or financial reserves
- ❑ **General infrastructure** spending outside of water, sewer and broadband investments or above the amount allocated under “revenue loss” recoupment provision
- ❑ **General economic development or workforce development activities**, unless they directly address negative economic impacts of the public health emergency or related to the “revenue loss” provision

OUTSIDE OF WATER, SEWER, BROADBAND AND FACILITY UPGRADES RELATED TO COVID-19 RESPONSE AND MITIGATION, GENERAL INFRASTRUCTURE AND ECONOMIC DEVELOPMENT PROJECTS, SUCH AS NEW JAILS, ROADS AND BRIDGES AND BUSINESS PARKS, ARE PROHIBITED. **HOWEVER, COUNTIES MAY USE THE PORTION OF THEIR “REVENUE LOSS” RECOUPMENT FOR THESE TYPES OF INVESTMENTS**

9. REPORTING REQUIREMENTS

Such amount may not exceed \$25,000 with respect to any single eligible worker. Premium pay will be considered to be in addition to wages or remuneration the eligible worker otherwise receives if, as measured on an hourly rate, the premium pay is:
 1. With regard to work that the eligible worker previously performed, pay and remuneration equal to the sum of all wages and remuneration previously received plus up to \$13 per hour with no reduction, substitution, offset or other diminishment of the eligible worker's previous, current or prospective wages or remuneration, **or**
