Survey Results

Between May and October of 2015, residents of Story County were asked to assist the Cornerstone to Capstone (C2C) Comprehensive Planning Process by completing two surveys utilizing Survey Monkey, an online survey tool. The first survey was the Story County C2C Plan Citizen Survey. The second survey was the Story County C2C Youth Survey. This appendix includes the raw results of these surveys. Hard copies of the surveys were available and those that returned were entered as survey responses and are represented in these results. A summary of these surveys is included in Chapter 2 of the Cornerstone to Capstone Comprehensive Plan. This same survey was distributed again in the July 2017. Those results were added to this section in September 2018.

23	Many persons both in and out of government are looking to implement improvements in the county.	6/3/2015 9:14 PM
24	I'm concerned about rampant development, eminent domain (including the potential of the Bakken pipeline), more clearing of the already scant native habitat that is left (though, to be fair, I DO appreciate that as an Ames resident, I have access to more recreational and open-space areas than in some other parts of Iowa); thoughtless urban development in floodplain areas; and general population increase. It seems that development of more suburban-area homes, additional clearing of open spaces and a rush to "upgrade" urban infrastructure is being done haphazardly, and without equal regard for improving or expanding on trails, bike lanes, expanding natural areas or county parks or other outdoor recreational and wildlife habitat considerations.	6/2/2015 11:21 AM

36	it won't change without more affordable, accessible rental housing	5/29/2015 7:26 PM
37	Police need to worry more about the drug issues in the county and less on window tint and other minor offenses.	5/29/2015 6:21 PM
38	some of the homes and yards are getting pretty seedy. Town needs to have something on the books on keeping property up. several homes wrapped with insulation paper now for several year! feel for the neighbors that have to look at those homes.	5/29/2015 6:09 PM

1	A better indoor food court and a larger mall for rotten winter days and horrible humid days in summer	7/26/2015 3:18 PM
2	In order to protect natural resources and prepare for increased population pressures, story county needs to improve the transportation options checked above.	7/16/2015 12:59 PM

7	I would like the county to focus on preserving natural spaces and outdoor recreation. I think the County Conservation Board already does a great job, but I'd like to see even more funding for these issues.	7/8/2015 8:01 AM
8	Encourage or require geothermal energy on newly-constructed homes and business-buildings to keep the costs of energy generation lower for all.	7/7/2015 10:55 PM
9	Quit trying to turn Ames into an Ankeny. If the "city leaders" like Ankeny and their expanding population then please_relocate to Ankeny. Many of us like Ames as it was years ago, not like what you are trying to do to it today.	7/3/2015 11:15 PM
10	don't allow any more CAFOs, limit building in rural areas	6/26/2015 6:20 PM
11	I think they need more trails in Ames, where I live. The current bike paths are too short and unconnected to be enjoyable in Ames. I would enjoy a long connected trail across the town, and especially more dirt trails mountain biking or trail running.	6/25/2015 12:09 PM
12	Cycling here is near horrible. Bike lanes in a place like this are necessary. I come from the twin cities where there is far more traffic but people are at least friendly towards bikers on the roads. Here, not so much. Cyclists here need bike lanes to feel safe. Also, I would love to see more single track (dirt) trails for runners and mountain bikers. I am an ultra runner and training on 2-mile sections of trail can become...boring (though the trails here- greenbelt, McFarland- are amazing beautiful).	6/25/2015 9:41 AM

44	As Ames/Story County continues to grow, it is hard not to feel the impact of ISU. That isn't a bad thing necessarily. However, as a resident, it's extremely frustrating that there seems to be a lack of aggressive expansion/upgrades when compared to other cities with regard to infrastructure and telecommunications. I find it South Duff more than highly frustrating to drive down 9 of the 12 months of the year when school is in session but that is where most of the big box retailers are located. It would be fantastic if not everything could be crammed on South Duff. As for telecommunications...fiber optics would be nice. My parents that live on a gravel road in the middle of nowhere in Marshall County, Iowa have it thanks to their business neighbor. The great thing for them is that it costs a fraction of the price of what Mediacom would ever charge an Ames customer and I know 50% of what I currently pay for DirecTV. So, that does frustrate me that the town where the first computer was invented and does all of these amazing things can't work together to bring fiber optics to Ames.	6/5/2015 11:25 AM

49	Reduce urban sprawl, particularly the giant beige neighborhoods, and the cheap apartments that match them in the Ames area.	6/3/2015 11:08 AM
50	IMPROVED QUALITY OF HOUSING IN MY ANSWER MEANS RESIDENTS HAVE ALLOWED THEIR HOMES TO DEGRADE AND TO COLLECT JUNK ON THEIR PROPERTY AND THE CITY DOES NOTHING TO GET THE RESIDENTS AND ALSO STORE/SHOP OWNERS TO MAINTAIN THEM. JUST LOOK AT 224 WASHINGTON AVENUE IN AMES AS AN ONGOING EXAMPLE OF THE DEGRADATION OF THE QUALITY OF LIFE IN STORY COUNTY.	6/2/2015 7:53 PM
51	By "recreational facilities," I am referring to parks, natural areas, county parks, trails, bike lanes (it's truly shocking how backwards this area is in regards to bicycle infrastructure, planning and general awareness. This is NOT a particularly safe place to be out with bikes! For guidance, look to how our neighbors in Wisconsin are doing things...). Water quality is a HUGE issue. We were shocked at how, in the post-2010 floods, city planners in Ames started building rampantly in the flood zone with short-term vision. Runoff from some farms in the county -- both soil erosion and nitrates -- flows into the creeks and into Skunk River; and too many people use our waterways to dump their trash and litter. The waterways have been damaged and altered over the years so that some massive streambank erosion is happening, and development encroaching near waterways also puts these waters at risk. Please factor in water quality as you plan for the county's future! I am concerned about the affordability of housing (and the quality of the housing available). As an Ames resident, my husband and I can't really afford a decent house -- even with both of us having good jobs. Our rent goes up every year, seemingly needlessly, and we wonder when people will simply be priced out of decent apartments and homes. When we've looked at housing opportunities in the county more generally, we've been chagrined at what's been available in our price range -- usually, housing that needs work.	6/2/2015 11:21 AM
52	I moved here from the eastern side of the U.S. and find the people friendly and Ames a nice community. However, I miss more diverse landscaping and more outdoor recreation opportunities. Story county has some nice, small wooded places to escape, but I prefer more trees. Also, we've been less impressed with the school system, now that our kids are in elementary school.	6/1/2015 3:13 PM
53	It would be nice to see more housing in the mid-range for homeowners. The lower-priced houses seem to get snapped up for the rental market, which does not always make for the best neighborhood relations. And then homeowners are stuck in the low price market, or having to make a significant jump up to get quality housing.	6/1/2015 1:09 PM
54	Please keep things affordable!	6/1/2015 11:54 AM
55	Please improve the bike system and connect Ames to the central Iowa trails! A "bike lane" on the side of a busy road does not equal a bike trail! It's dangerous and there are TONS of bike riders in Ames!!! And, please widen Duff or encourage development elsewhere in Ames. Everything is on Duff and the traffic is terrible.	6/1/2015 10:27 AM
56	This sounds mostly urban. We live in the country.	5/31/2015 3:10 PM
57	I strongly hope to see an end to fluoridated water.	5/31/2015 9:28 AM
58	Schools: truly improve them to produce better people. I am not sure how to do this but there are many school changes that are not improvements. Make the traffic flow better. It seems that helping businesses is higher priority than reducing traffic congestion. Provide free public transit and get the funding from the reduced road and street costs. Also find ways to reduce the desire and need to travel. The Ames water is too hard. Soften it more and reduce plumbing maintenance for all. Soft water may increase the health Ames water drinkers.	5/31/2015 5:43 AM

73	As too often happens, water quality is at the bottom of this list. But it's at the top of my list. And more protected public conservation land would also help. I did not check "Improve recreational facilities" because I specifically want more protected conservation land. Iowa has lost more of its original landscape than any other state, and we aren't doing enough to protect and restore what's left. But what we really need in Story County is a dedicated fund for natural resources and outdoor recreation. Johnson County has one, Polk County has one, and it's embarrassing that we aren't even talking about getting one.	5/29/2015 2:08 PM

83	improve retail, more restaurants, etc.	5/28/2015 5:34 PM
84	All of these are worthy topics that are important for Story County quality of life and should be considered. Bike paths that connect major towns such as Colo, Nevada and Ames on east-west axis and Story City, Gilbert, Ames and Huxley on a north-south axis - off road bike paths would be a huge improvement for real bike commuting. Surface water ie. stream water quality seriously detracts from the environmental quality of Story County.	5/28/2015 4:27 PM
85	more diversity training for public employees	5/28/2015 3:53 PM
86	We should invest in more local manufacturing and retail, and adopt progressive resource management techniques with a focus on the areas FUTURE quality of life. We have the knowledge and desire, but this is not well reflected in our practices. We should develop the Duff Ave district to be more conducive to bike and foot traffic. Currently, it is very difficult to navigate that part of town without a car, and even with a car, there is too much going on there. Rent rates need to be controlled; it is ridiculous that rent increases by 10% a year. The garbage problem also needs to be addressed; the migrant nature of half of our population lends itself to this ignorant behavior. We should have a plan to promote environmental ethicacy.	5/28/2015 3:29 PM

87	Increase training of law enforcement on methodology as well as knowledge of the laws and regulations in the area, notably at state, county, and community levels.	5/28/2015 3:25 PM
88	ADU are the big thing on the west coast. The benefit to ADU'S is HUGE as a 2nd home on the same will "INCREASE" the Property Value which in turn SHOULD... "DECREASE" overall taxes and fees to ALL citizens living there. Common Sense IMOI Unfortunately, Iowa never takes the lead on these type of ideas so nothing of significance will change (probably). The rest of that "garbage" (eg. shopping, bikes, shopping, recreation, transit, etc.), we'd HAVE MORE MONEY FOR THAT.....if we had more revenue from Property Tax Valuations. Proper order is extremely important tool!	5/28/2015 1:37 PM

91	Rural Broadband is a hot topic right now.	5/28/2015 11:12 AM
92	Few of these items pertain to seniors and retirees. This county has a high number of retirees and the county should be addressing their needs and make this an attractive area for retirement. Most important, no mention is made of our most important crisis: global warming. What does the county plan to do about reducing carbon dioxide emissions? What does the county plan to do about soil conservation and tillage? What does the county plan to do to encourage renewable energy?	5/28/2015 11:06 AM
93	Too bad I can only check four, I'd like to check them all.	5/28/2015 9:56 AM

96	by water quality, I mean rivers, ponds, lakes, streams.....	5/27/2015 8:38 PM
97	improve mental health services access and budgets	5/27/2015 5:35 PM

Story County Comprehensive Plan 2036: Cornerstone to Capstone

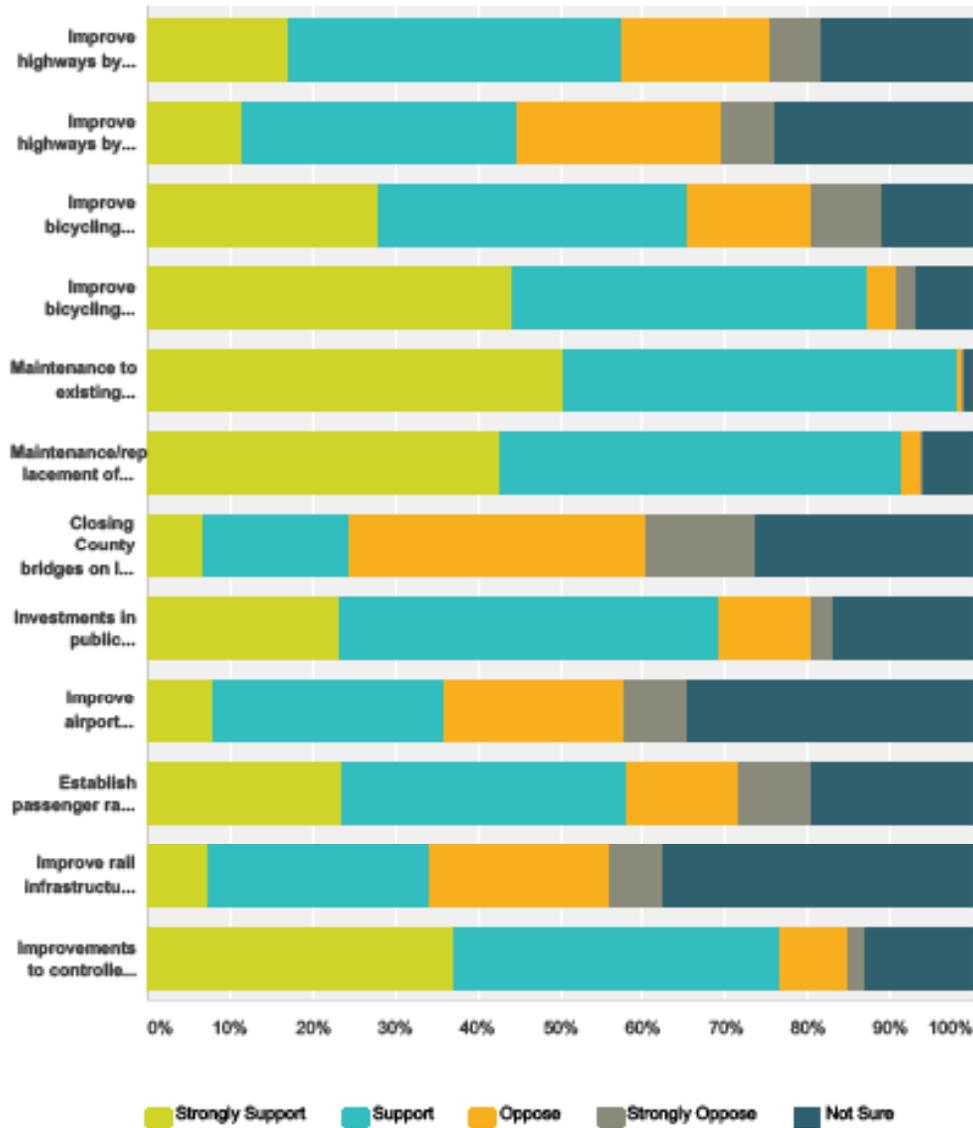

23	I was sad to see the beautiful steel-arch span bridge near Petersen Park torn down for a cheap concrete pad crossing. I realize that bridge needed to be repaired or upgraded, but couldn't it have been done with sensitivity for the aesthetics of the bridge and its history? As to park facilities ... Story County does have a few good parks, but I don't feel like there's been much investment (if any) in keeping them well maintained, and in expanding them. For instance, one must zigzag across roads to follow the Greenbelt Trail if one starts at McFarland. Why can't the county work to make the trail contiguous? I am also very concerned that hunting is permitted in some of these areas AT THE SAME TIME that pedestrians might be walking on the trails. It seems extremely dangerous to me! This, along with the fact that some of our parks (e.g. Robison Wildlife Acres, East Riverside) are situated right next to shooting ranges. Not only do I feel concerned for the safety of pedestrians in the parks, but the serenity of being in the parks is entirely destroyed if someone happens to be using the shooting range at the same time. As someone not native to Iowa, my impression is that the county doesn't prioritize the parks. In many of the parks, it seems like trees have taken major hits over the past few years from storms and other stressors, and the parks seems to be thinning out ... Is there a replanting initiative? What about plans to purchase more land to expand the parks? For my husband and me, having access to wild spaces is a huge criterion for our quality of life. I realize this is challenging in Iowa, since so much land was erstwhile converted to other uses. But this makes it even more imperative to prioritize carefully stewarding and expanding these areas.	6/2/2015 11:39 AM

1	I want story county to focus more on public, mass, and bicycle transportation	7/16/2015 1:01 PM
2	Please add more bike lanes on county highways - especially along GW Carver!	7/13/2015 3:29 PM
3	more paved roads	7/12/2015 11:20 AM
4	not entirely sure what some of these ideas would mean	7/9/2015 10:52 PM
5	ANYTHING WOULD BE AN IMPROVEMENT	6/30/2015 12:22 AM
6	The bus service in Ames (CyRide) should be augmented with a rapid transit tramway; perhaps one line running East-West between campus and downtown and another running from North Grand to South Duff, you could call it CyTrolley.	6/17/2015 2:46 PM
7	Redesign on I-35 Highway 30 Interchange is urgently needed.	6/17/2015 11:25 AM
8	Commuter rail (in contrast to passenger rail) to Ankeny and Des Moines would be worth serious consideration	6/15/2015 9:07 AM
9	We can't be everything to everyone. Identify largest base of taxpayers and work towards their needs.	6/13/2015 6:42 PM
10	let the bikers pay for it not me...	6/13/2015 11:53 AM
11	Bike trails should be paved and unpaved.	6/12/2015 11:40 AM
12	the I35/Highway 30 interchange is extremely dangerous.	6/10/2015 10:22 AM
13	More opportunities to pass between Ames and Story City on Hwy 69. It's a busy road and at times hard to pass slow traffic	6/8/2015 3:50 PM
14	Public Transportation in rural areas is a problem	6/8/2015 3:01 PM
15	An underpass by Duff would make a world of difference; As well as a relief road for Duff. Getting to Lowes from North Ames is tougher than it should be.	6/8/2015 8:33 AM
16	Iowa has the worst on- and off-ramps in the U.S. Hire engineers from out of state.	6/6/2015 2:07 AM
17	It would also be wise to investigate alternative paving materials that are permeable	6/4/2015 11:42 AM
18	Northbound 35/30 intersection is dangerous!!	6/3/2015 10:12 PM
19	I hope the increased gas tax will bring money into Story County so that a number of bridges can be made safer.	6/3/2015 9:19 PM
20	In terms of railway infrastructure, I feel there are too many trains passing through Ames and the surrounding area as it is – and the safety of these crossings is questionable in many areas. If investments were made to improve the SAFETY of rail crossings, and if increasing freight capacity would LOWER the number of trains crossing back and forth, then I would support efforts. However, I do not support increasing the number or frequency of trains passing through the county, or adding new tracks (there are far too many already!). I am also concerned that much of what's transported is coal (source of future air pollution in its destination), and other hazardous chemicals. I do strongly support safer access to U.S. 30 from I-35. I'm flabbergasted that a town the size of Ames has such a dangerous dual on- / off-ramp... As for bicycling opportunities: a resounding YES on this one. We need dedicated, safe bike lanes on roads, as well as a strong network of bicycle-only routes. For inspiration, look to what Columbia, MO has done ... it has a big land-grant school and has a fantastic off-road bike trail network.	6/2/2015 11:39 AM
21	I agree with closing bridges on low traveled roadways, other than it would affect emergency services.	6/2/2015 10:57 AM
22	13th & Grand Ave intersection	6/1/2015 9:07 PM
23	I would like to see more land/more management for wildlife conservation	6/1/2015 4:39 PM

24	Need to add secondary access to Hunziker Sports Complex to alleviate some of the congestion that occurs daily on S Duff Ave and for improving safety of quick exit when needed (e.g severe weather) during events at HYSC. Can the bridge that was previously used on S 16th Street (which now sits in the field to N of new S 16th St Skunk River bridge) be used to create access to South Dayton Ave from HYSC?	6/1/2015 11:46 AM
25	Extend Grand Ave. to Airport road. Extend south third street to Dayton road. Extend 24th street to countyline road. Bike lanes are accidents waiting to happen. Public transportation is the key. Passenger rail is just something that I would enjoy. It may not be all that viable. Use rail roads for freight.	5/31/2015 5:53 AM
26	Don't spend money on elective projects to keep taxes down	5/30/2015 4:57 PM
27	I think bike lanes on existing rural roads are dangerous. I want no money spent on passenger rail. It is a subsidy for rich white people.	5/30/2015 2:43 PM
28	Daily deal with access ramps at I35/Hwy 30 and have witnessed too many close-calls accidents.	5/29/2015 11:10 PM
29	Bike lanes should be added to existing roads, bike lanes off streets, or sidewalks, are very dangerous	5/29/2015 10:02 PM
30	Need for bike trails in north story county	5/29/2015 9:51 PM
31	Repair the circle of death I-35 exit to 30 West	5/29/2015 9:01 PM
32	WOULD LIKE MORE OVERPASSES/UNDERPASSES FOR EAST WEST RAIL LINE IN AMES	5/29/2015 4:22 PM
33	protected bike lanes on existing roads would be great	5/29/2015 4:14 PM
34	The I35 & hwy 30 clover leaf needs to be redesigned.	5/29/2015 4:11 PM
35	South Duff Roadwork needed. Too congested.	5/29/2015 3:49 PM
36	Do not let the state block gravel and other interchanges on hwy 30 between Nevada and Ames	5/29/2015 2:34 PM
37	We need better maintenance of the pavement we have, not lots of new pavement, yet "Lots and lots of new pavement in lots of new places!" seems to be the motto of the DOT.	5/29/2015 2:09 PM
38	We don't need 6 lanes to Ankeny, seems like a waster of resources to accomodate ISU football/basketball games	5/29/2015 1:53 PM
39	Grand Ave in Ames extended to S. 16th street to decrease S. Duff congestion.	5/29/2015 12:33 PM
40	the city of Ames gets an F for long term traffic planning which is having a very negative impact on getting around Ames and thus the County needs a by pass to the north much like HWY 30 and I-35 serve to the east and south	5/29/2015 9:15 AM
41	Strongly support CyRide, Ames to Des Moines airport transport, and bike trails. Not sure bike lanes on roads/streets are safe although I bike commute every day.	5/29/2015 8:55 AM
42	The on-off ramp at I35 and hwy 30 is selously unsafe. It should be fixed by a competent engineer/planner. Better bike paths could alleviate some hwy traffic and presents opportunities for citizens of all ages - if you'd like documentation check out the high trestle trail.	5/28/2015 4:31 PM
43	It is difficult to get out of Ames on a bike. People drive across town because it is easier. If bike travel were safer, with infrastructure design that promotes this form of travel, more people would choose a non-automobile form of transport. Eliminating county bridges will increase the length of natural corridors, which benefits the wildlife and environment in that area. The clover-leaf at Hwy 30 and I35 is terribly dangerous, especially in winter.	5/28/2015 3:35 PM
44	A "rail service".....WTH? Anything above and beyond the basics is un-necessary.	5/28/2015 1:41 PM
45	Prepare for huge changes in the use of renewable energy, local food production, and the loss of fossil fuels.	5/28/2015 11:07 AM
46	improve gravel roads!!	5/28/2015 10:21 AM
47	on-road bicycle facilities should be added to most road repair/reconstruction projects	5/28/2015 9:42 AM
48	Highway 69/South Duff is an absolute nightmare.	5/27/2015 7:34 PM
49	The I35 and 30 intersection is SCARY!	5/27/2015 5:37 PM
50	Adding bike lanes to roads is just too dangerous for bikers.	5/27/2015 4:01 PM

1	We must protect and IMPROVE the natural resources- it's no longer going to happen voluntarily	7/16/2015 1:08 PM
2	there is also need to protect pastures -- many have native plants	7/9/2015 10:57 PM
3	These are all critical to preserving what is great about Story County. Without these, we would live in just another rural area. Please preserve and protect these resources as a high priority so that all other resources remain meaningful to those who live here.	6/26/2015 7:48 AM
4	These are all the best things!	6/25/2015 9:44 AM
5	Stewardship or natural and cultural resources should be a top priority	6/23/2015 8:38 AM
6	I am a fisherman, canoeer, and hiker so this is very important to me.	6/17/2015 2:49 PM
7	It's hard for me to see how anyone would not find these to be vital.	6/16/2015 11:12 AM
8	I think all of the above are important, but if priorities have to be chosen...	6/8/2015 3:03 PM
9	Natural prairie? Revegged prairie perhaps but there is not any natural prairie left in Iowa. Prairie management in IA seems poor also, no fire and little or no grazing. Still, it is worthwhile to keep trying to develop more revegged prairie	6/6/2015 2:14 AM
10	important how? for improvement?	6/5/2015 8:23 PM

13	what forests and woodlands?	6/4/2015 9:52 AM
14	I believe an increase in wetlands will help very much in improving the water quality in our rivers and streams and slow the run-off of nitrates.	6/3/2015 9:32 PM
15	families will want to live here if we protect what we have.	6/2/2015 3:10 PM
16	Throughout Iowa, these are critical issues. I strongly support efforts to improve natural resources across the board. Historic and cultural sites are important, but Iowa's (and the county's) natural heritage is in desperate need of a strong long-range stewardship and improvement plan.	6/2/2015 11:45 AM
17	fix the dredge ditches, even if the land owners throw a fit. They have not been maintained as necessary, but it needs to be done!	6/2/2015 11:01 AM
18	These are the quality of life amenities that make people want to live here. If we sacrifice them, no amount of infrastructural improvement will offset their loss/degradation.	6/1/2015 1:13 PM
19	End water fluoridation.	5/31/2015 9:32 AM
20	air quality is not at threat in Ames. Prairies, wetlands, wildlife habitat, forest, river shorelines are nice but providing for people should have priority. Don't prevent improvements in the name of historic preservation. Soften the water more	5/31/2015 6:03 AM
21	I think the phrasing of this question is poor. Who could be against good water quality? How it is carried out is what should be asked.	5/30/2015 2:45 PM
22	D	5/29/2015 6:35 PM
23	Ecological balance and enhancing tree growth and a balanced ecosystem will assist with air quality and water quality.	5/29/2015 5:53 PM
24	Iowa is lacking in natural areas. We need to protect and enhance what we have.	5/29/2015 4:17 PM
25	I am not a classic environmentalist. I just believe that these resources are irreplaceable, and should have priority over expanding our housing demands. Also, agricultural and industrial practices should protect these resources.	5/29/2015 2:35 PM
26	Natural resources should be the priority!!!	5/29/2015 2:32 PM
27	Where are prairies and grasslands????!!! Prairies used to cover most of Story County, our few remaining prairies contain species on Iowa's state endangered/threatened/special concern list, original prairies and restored prairies are essential for many kinds of wildlife, conservationists put very special value on original prairies, prairies, original and restored, are now recognized as being uniquely important to soil conservation and water quality, prairie plantings are happening in many Story County rural and urban areas (CRP, rain gardens, roadsides, etc. etc.), but they aren't on this list???????	5/29/2015 2:20 PM
28	Water quality, soil health, and natural systems and habitats must be protected.	5/29/2015 10:52 AM
29	people forget how much better the air, water, and other environmental qualities are compared to say 40 or even 20 years ago.	5/29/2015 9:18 AM

30	I sometime think historical building preservation goes overboard. The Ames library, which I love, was really compromised in my opinion by trying to preserve the old part.	5/29/2015 9:03 AM
31	Water quality and wetlands probably most important	5/28/2015 4:34 PM
32	We should promote wetland development, instead of increased tile drainage. New markets for native plants can promote such spaces.	5/28/2015 3:41 PM
33	Government is over regulating everything already.	5/28/2015 1:46 PM
34	All are very important and over lap each other.	5/28/2015 12:02 PM
35	our environment is priority, can't do much with out air and water	5/27/2015 9:04 PM

1	Not sure	7/28/2015 2:20 PM
2	Ames continues to fill in their Skunk R. floodplain	7/27/2015 3:55 PM
3	Limiting sprawl is vital. If like Ankeny, Ames could just keep expanding. Setting tight limits improves property values.	7/26/2015 3:23 PM
4	There are problems with farmers not using best practices to avoid soil erosion and the pollution of groundwater.	7/19/2015 11:13 PM
5	It can no longer be "voluntary" for farmers and businesses to make the improvements necessary to protect our water and soil. My children and I have a right to live in an area without the fear of chemical exposure in our air and/or water. I am so frustrated with the elected officials' lack of backbone to implement policies that protect the general public- not just persons who are making money at the cost of the environment!	7/16/2015 1:08 PM
6	I don't know enough to have an opinion	7/13/2015 3:30 PM
7	Most of the limited protection that exists does not come from the county	7/9/2015 10:57 PM
8	not sure about this	6/24/2015 8:28 AM
9	There's been far too much damage and disruption already, and the laws should be proactively improving environmental quality rather than reactively defending the current (kinda disgusting) situation.	6/17/2015 2:49 PM
10	The level of perceived environmental damage can vary based on location.	6/17/2015 11:28 AM
11	The Ames City Council needs to stop approving building along south Duff because the river will flood and that water will go somewhere.	6/16/2015 1:29 PM
12	strengthen limitations on flood plain development	6/15/2015 11:51 AM
13	Regs weaker than must be. Enforcement weaker than needs, Agricultural practices and Agribusiness and Farm Bureau run this place. They advertise that they are good stewards but all you have to do is look outside to see their poor record for the environment	6/15/2015 10:41 AM

19	maybe they "aggressively over protect?"	6/5/2015 8:23 PM
20	Too much development on flood plains	6/5/2015 6:24 AM
21	In fairness, the sorts of policies I'd consider adequate are very unlikely to pass or be implemented, as many would consider them draconian or too expensive (i.e., "requiring" installation of prairie strips along rural streams to reduce erosion/runoff)	6/4/2015 11:47 AM
22	All of these areas will require constant vigilance in order to just barely maintain the quality of each so steps must be implemented to really work for improvement in all.	6/3/2015 9:32 PM
23	Too much tiling in agricultural fields. Need more wetlands.	6/2/2015 3:10 PM
24	Education in this area may be needed (is for me)	6/2/2015 12:40 PM
25	I am unfamiliar with these policies.	6/1/2015 10:31 AM
26	As long as there is factory farming our air quality and groundwater will be threatened!	5/31/2015 3:20 PM
27	Our current regulations are fine.	5/30/2015 2:45 PM
28	Not sure of current policies	5/30/2015 6:44 AM

34	I do not know the current policies and regulations for these.	5/29/2015 2:32 PM
35	Ames demonstrates very negative floodplain development	5/29/2015 2:29 PM
36	Where are prairies????!! See my rant under Question Seven!	5/29/2015 2:20 PM
37	INRS is inadequate and additional measures must be taken to improve soil health and water quality. It's time to invest in our natural resource infrastructure.	5/29/2015 10:52 AM
38	I would assume that in a lot of cases, agriculture and old school farming methods come before environmental issues.	5/29/2015 9:26 AM
39	We are doing enough and often ignore common sense. The construction of businesses like Walmart in the floodplain in Ames is an example. It floods right before they build there and then the building gets some water damage from flooding soon after they open. Why was that ever approved? The new car dealership is another example. Too close to the river. Ag land also not adequately protected. Too much tillage, too much drainage, and no cover crops.	5/29/2015 9:03 AM
40	All we do is fill in the floodplains, there is no protection at all	5/29/2015 7:03 AM
41	Farmers seem to not have any economic reason for keeping green material on their land, or incentive to discharge clean water from their tiled fields. I strongly disagree with the Ames method of building up the land in low-lying areas for retail and economic development: just don't build in these areas, keep them natural.	5/28/2015 3:41 PM
42	Building higher doesn't really solve the problem of building in a flood plain to begin with	5/28/2015 3:35 PM
43	we're just fine as is as the STATE has more than enough regulations that the Counties do NOT need to "trump" the State.	5/28/2015 1:46 PM
44	Do not know what they are but too much herbicide use in residential areas	5/28/2015 12:02 PM
45	Stop building major commercial projects in the floodplain, buffer strips needed along rivers	5/28/2015 9:44 AM
46	The County does a good job with floodplain. Ames does not.	5/28/2015 9:10 AM
47	Ames seems to pay no attention to their floodplain.	5/28/2015 8:48 AM
48	don't know what the regs are	5/27/2015 8:00 PM
49	follow the money (developers)	5/27/2015 5:39 PM
50	Ames keeps building even more in the floodplain and I can't understand why they don't learn.	5/27/2015 4:01 PM

15	Greenbelts? Yes, yes, yes!	6/4/2015 11:47 AM
16	Regulation seems to be necessary to change problems as it seems that while many voluntarily work to increase the environment, for a number of persons seem to not care very much about it. They need to be reminded with regulations why taking care of air, water and soil makes life better for everyone.	6/3/2015 9:32 PM
17	We need clean water.	6/2/2015 3:10 PM
18	We have a sea of purple rockets blooming and our whole pasture is fragrant with white clover, but we found only ONE honeybee in all of this! SILENT SPRING!!	5/31/2015 3:20 PM

20	in Roland a retaining pond could help deal with flooding	5/30/2015 5:01 PM
21	Eliminate hog confinements	5/30/2015 12:22 AM
22	is the protection of agricultural lands a protection of the current agricultural practice on those lands or the integrity of land regardless?	5/29/2015 5:53 PM
23	ALSO NEED LIMITS ON URBAN FERTILIZER USE	5/29/2015 4:26 PM
24	We must protect our natural environment!!!	5/29/2015 2:32 PM
25	Can a county even try to regulate pesticide or fertilizers?	5/29/2015 2:29 PM
26	I support better regulation of pesticide drift because I and others I know have suffered from it. But this question doesn't even mention Story County's biggest water problem, which is the lack of adequate conservation (buffer strips, cover crops, wetlands, bioreactors, etc.) on rowcropped land. As long as requiring better conservation on farmland can't even be listed as a possible initiative on this kind of survey (and I suspect I know all too well why it's not listed), let alone become a reality, our water quality will remain, to be blunt, awful.	5/29/2015 2:20 PM
27	There should not be anymore development in the Slunk river Squaw creek flood plains, need manitory buffer zones along all creeks rivers, ponds and lakes	5/29/2015 1:54 PM
28	beware of taking others property without just compensation	5/29/2015 9:18 AM
29	Seems like little regulation or enforcement now. No evidence that farmers are doing much of anything, voluntary or forced.	5/29/2015 9:03 AM
30	if you add bike trails to your greenbelts I'm all for it	5/28/2015 4:34 PM
31	increased regulations on the use of pesticides and fertilizers inside city limits and developments.	5/28/2015 2:09 PM
32	People are already OVER "monitored" as it is. Let's try something different and let's get government's nose OUT of people's business?	5/28/2015 1:46 PM
33	it's important to note that opposition to additional government regulation on these issues does not necessarily mean opposition to the end goal of hypothetical regulation. One can support improved water quality, for example, without supporting increased regulation on the use of pesticides and fertilizers.	5/28/2015 11:54 AM
34	Greenbelts and buffer strips	5/28/2015 9:44 AM
35	I am generally against any new regulations. Just educate and enforce existing regulations ONLY if they make sense. I would hope individuals understand the impacts that they make on the environment and use good judgement... I suppose that is not true for everyone though.	5/27/2015 9:14 PM
36	"More regulation to protect agric. lands" from what? Urban development? Support. Regulation of drainage? Oppose.	5/27/2015 4:01 PM

1	Heart of Iowa Trail should eventually be paved	7/27/2015 3:55 PM
2	A better indoor swim complex like the University of Minnesota Natatorium would be good for the county and state. Build in concert with ISU. A 20 mile rail to trail bike asphalt trail would be great but I don't know where we could do that.	7/26/2015 3:23 PM
3	Ames has a nice park, but Roland's parks are outdated.	7/19/2015 11:13 PM
4	We need gravel trails for the runners. Gravel works for bikes too. Trails and bikeways need to link up parks, schools, downtown, etc. Compared to western states, we have very little recreational opportunity, so we need to enhance what we have.	7/15/2015 1:31 PM
5	Need more protected conservation land	7/9/2015 10:57 PM
6	Would like to see rental cabins/yurts at county parks	7/8/2015 11:14 PM
7	I would like to see more public lands and trails of various types available	6/30/2015 12:55 PM
8	very few places for horseback riding. Everything other than a park is private for profit.	6/26/2015 6:24 PM
9	More thought about people that like to go fishing.	6/26/2015 3:00 PM
10	Mostly, they do. I would just like a road-independent bike path connecting Nevada to Ames.	6/25/2015 6:21 PM
11	The park is a little...old	6/25/2015 3:57 PM

14	The parks here are nice, but could still be much better.	6/22/2015 7:48 AM
15	poor water quality need better soil protection, lack of natural areas with minimal development but in last 5 years county conservation seems to be improving here I know funds and Board of Supervisors are limiting factors.	6/15/2015 10:41 AM

25	I wish there was a place I could go swimming with my dog without getting into trouble.	6/3/2015 11:11 AM
26	Would like to see less partying at campgrounds and more quiet space and privacy in between campsites.	6/2/2015 3:10 PM
27	I've commented on this in earlier questions already, but feel that county parks could benefit from expansion and better stewardship. Perhaps developing more trails to entice more people who might be less strongly inclined than me to visit or support parks. I also feel there should be more areas where hunting is off-limits. It almost seems unethical to me to allow hunting so widely, given how fragmentary wildlife habitat is. Where can those animals really go to escape the hunter's gun or bow...?	6/2/2015 11:45 AM
28	I live on an acreage, so it don't utilize campgrounds. If I lived in town, I would want more campgrounds. Dakin's Lake is a nice improvement, but needs shade trees in the camping area.	6/2/2015 11:01 AM
29	more playgrounds at city and county parks.	6/1/2015 10:28 PM

3	Yes, where it makes sense to do so.	7/7/2015 4:36 PM
4	also in cities. But protect waterways and watch amount of water use	6/26/2015 6:26 PM
5	if you mean more small farms that grow more fruits and vegetables then yes more agri-business	6/25/2015 5:23 AM
6	Yes - as long as business opportunity is NOT at the expense of natural resources, and as long as these opportunities include assistance to local communities for infrastructure improvements (roads, transportation, utilities)	6/23/2015 8:41 AM

13	not agri-business. would support more opportunities for small farmers raising crops other than corn or soybeans	6/13/2015 12:34 PM
14	I think opportunities both in cities and unincorporated areas are appropriate for agri-business	6/11/2015 3:58 PM
15	Support both Yes responses	6/10/2015 11:19 AM
16	I vote for 1 and 2 here but the poll won't let me.it also depends on what types of businesses are being considered, swine facilities in Ames or businesses that use and provide brain power, better management, etc.	6/6/2015 2:22 AM
17	depends what you mean! It would be great if we could develop businesses like canneries to diversify crops. Not so great to continue with the corn / bean treadmill and continue degrading our environment.	6/4/2015 7:17 PM
18	No, for traditional industrial agriculture (they've got plenty already, from what I've observed), but yes for old-school agriculture and especially within cities (urban veggie gardens anyone?)	6/4/2015 11:52 AM
19	The businesses should be carefully regulated and controlled locally such a CAFOs to preserve air quality. Working for local control of these facilities needs to be granted by the Iowa General Assembly to all counties.	6/3/2015 9:41 PM
20	Not if they will require a lot of water or will pollute the area.	6/2/2015 3:14 PM
21	This depends on what is meant by "agricultural businesses." Are you talking about tax breaks for a big corporation to come in, develop land and build an ugly concrete bunker? Then no. Do you mean expanded opportunities for urban farming opportunities? Then yes. Do you mean encouraging local, existing farmers to provide some agritourism on their land? Sure ... but what I'm opposed to is gobbling up more open land for a big ag corporation to build on. If that's what you mean, then I'd prefer to see limits set and have those businesses constrained to working within existing city limits (not annexing land either).	6/2/2015 11:50 AM
22	Not Animal Feeding Operations	6/1/2015 1:47 PM
23	The real opportunities are here now	5/31/2015 6:11 AM
24	Yes wherever feasible	5/30/2015 8:49 PM
25	Yes, if it involves getting government out of the way. No if it involves another county agency.	5/30/2015 2:48 PM
26	Not sure what 'opportunities ' means in this context. I do not support using tax dollars to attract business, nor tax breaks to attract or keep businesses.	5/29/2015 2:35 PM
27	Does "agricultural businesses" mean hoglots? If so, UGH!!!! I need more information to answer this.	5/29/2015 2:26 PM
28	Not sure what that means. Agriculture is important but I don't want CAFOs or fertilizer plants.	5/29/2015 9:09 AM
29	Not if commercial environmentally destructive practices are to be continues.	5/28/2015 3:46 PM
30	NO MORE HOGS	5/28/2015 12:57 PM
31	In cities and unincorporated areas	5/28/2015 9:00 AM

Q13 3. Since 1977, Story County has used a 35-acre minimum lot size requirement in the A-1, Agricultural Zoning District for the construction of a new non-farm single family dwelling with the goal of preserving farm ground from development. 18	Iowa is crowded with many towns and too many counties. Very inefficient government	6/6/2015 2:22 AM
19	I think it is important to preserve farmland, just not sure if the regulation is achieving this goal or not currently.	6/5/2015 3:25 PM
20	How obtainable is this for anyone based on the current price of farmland for anyone to manage unless they inherit the land? Real estate developers realistically seem to be the only ones with the financial backing to be able to purchase land based on that type of requirement and then have it rezoned - if it's desirable for rezoning.	6/5/2015 11:38 AM
21	I checked yes but I do not have any knowledge about specific examples needing alteration. The size seems about right to me for a homestead in the country.	6/3/2015 9:41 PM

35	Housing around Ames needs to expand. There are very few houses on the market and they are all old and small.	5/29/2015 3:55 PM
36	I agree with the goal. I am. Or familiar with the details of how well current regulations are working.	5/29/2015 2:35 PM
37	hasn't stopped annexation and sprawl	5/29/2015 2:29 PM
38	I strongly, strongly, strongly, strongly oppose any weakening/lowering of this requirement. Rural sprawl in this county is bad enough as it is!!!	5/29/2015 2:26 PM
39	Stroy county is missing out on Rural development into residntal areas to accomidate big money agriculture and corprate farms.farmers.	5/29/2015 1:54 PM
40	this may drive people out of the county.	5/29/2015 10:09 AM
41	this goal is causing scattered housing, split farms amongst two or three owners to build rural houses. it needs to be altered in some way	5/29/2015 9:20 AM
42	Too many houses and housing developments in rural areas. This is causing a lot of problems. Ag land and natural areas should be protected. Houses outside of cities and towns cost county in extending services to these people.	5/29/2015 9:09 AM
43	It's already been ignored over and over again. Don't have a law on the books that you're not going to enforce. Just let people build anywhere they want and we will soon be living in Houston.	5/29/2015 7:43 AM
44	This rule is preventing growth in the county. The average family cannot afford to purchase 35+ acres and then build a house on it. Let people purchase 1 acre minimums and build where they want. It is not the governments role to tell people where they can live or build. That is between the landowner and buyer. My wife and I tried to buy ground from our own family in Story County but were prevented by this rule. So we built in Boone County.	5/29/2015 7:26 AM
45	we still seem to be happily building over farm ground in all directions around Ames	5/28/2015 8:29 PM
46	Get ride of the min lot size, but also have a grandfather clause that people can't sue because of ag smells and dust.	5/28/2015 4:12 PM
47	35 acres costs a lot of money, and is large portion of land; it may be a difficult choice for a farmer to split a property at that level. I should be able to get a 5 acre parcel and promote an operation that serves just a small number of people.	5/28/2015 3:46 PM

1	Being in a highly regulated line of work, I'm not sure having more regulations is always the best answer. More regulations can often inhibit growth opportunities for businesses.	7/13/2015 3:32 PM
2	Drainage outlets should be regulated as point-source pollution	7/9/2015 11:01 PM
3	These are both biased and redundant from previous questions.	7/7/2015 11:02 PM
4	These are critical to keeping Story County great. Unchecked development and agricultural hazards will ruin our county and it can never be reclaimed after that.	6/26/2015 7:52 AM
5	Owners of agricultural operations that pollute streams and rivers should be heavily fined, repeat offenders should be jailed without bail.	6/17/2015 2:53 PM
6	Development must be stopped or there won't be farmland left in central Iowa.	6/16/2015 1:33 PM
7	again we do you think people are going to live? High rises?	6/13/2015 11:59 AM
8	We have relatively strong laws on pesticide use and misuse. Fertilizer N is not the primary water quality issue: it is too many soybeans, too much tillage (particularly fall tillage) and too little permanent crops or pastures. How will other crop (s) ever compete with soybean? It is the large issue. Soybean is a good crop but soil is always unprotected after harvest even in no-till.	6/6/2015 2:22 AM
9	Our natural water sources are in great need of more pollution controls both ag and industrial and residential.	6/5/2015 1:21 PM

19	The increase in overall acres in row crop production over the last decade shows that ag preservation is not necessarily about prohibiting all types of development all the time. If grain prices are high enough, buildings, woods, pastures, grasslands, etc. can all be removed and have been. In some ways we need to consider options for protecting other resources from thoughtless expansion of row crop farmland.	5/28/2015 12:06 PM

4	I think there is a good supply of starter/1st time buyer homes in this town but believe that many are purchased and then turned into rental properties - be nice if they could be starter homes instead - I also think that ISU needs to step up to creating more dorms to hold their influx of students and /or put a cap on enrollment. It's crazy all these apts being built and the high rent that is being charged. I have student employees moving 45 minutes away and driving to class/work because it is cheaper. Rent is ging up \$200-\$300 over last year. Totally nuts! This trend can't keep up and when enrollment tapers off - there will probably be empty apts.	7/8/2015 11:26 PM

1	This shouldn't even be a question after all the flooding we've had!	7/9/2015 11:03 PM
2	Freedom of choice but we should not fund losses due to floods	7/8/2015 7:59 AM
3	In addition, city residents may lose the opportunity to purchase federal flood insurance if there is more development allowed in floodplains.	7/7/2015 11:05 PM
4	This might be the single most important question on this survey. No more bailouts for big boxes on the skunk and squaw - they shouldn't be there in the first place.	6/17/2015 2:56 PM
5	Level of development in floodplains is highly inappropriate. Moreover that it continues. Impermeable surfaces in floodplains cause larger floods, which hurt everyone.	6/15/2015 11:32 AM

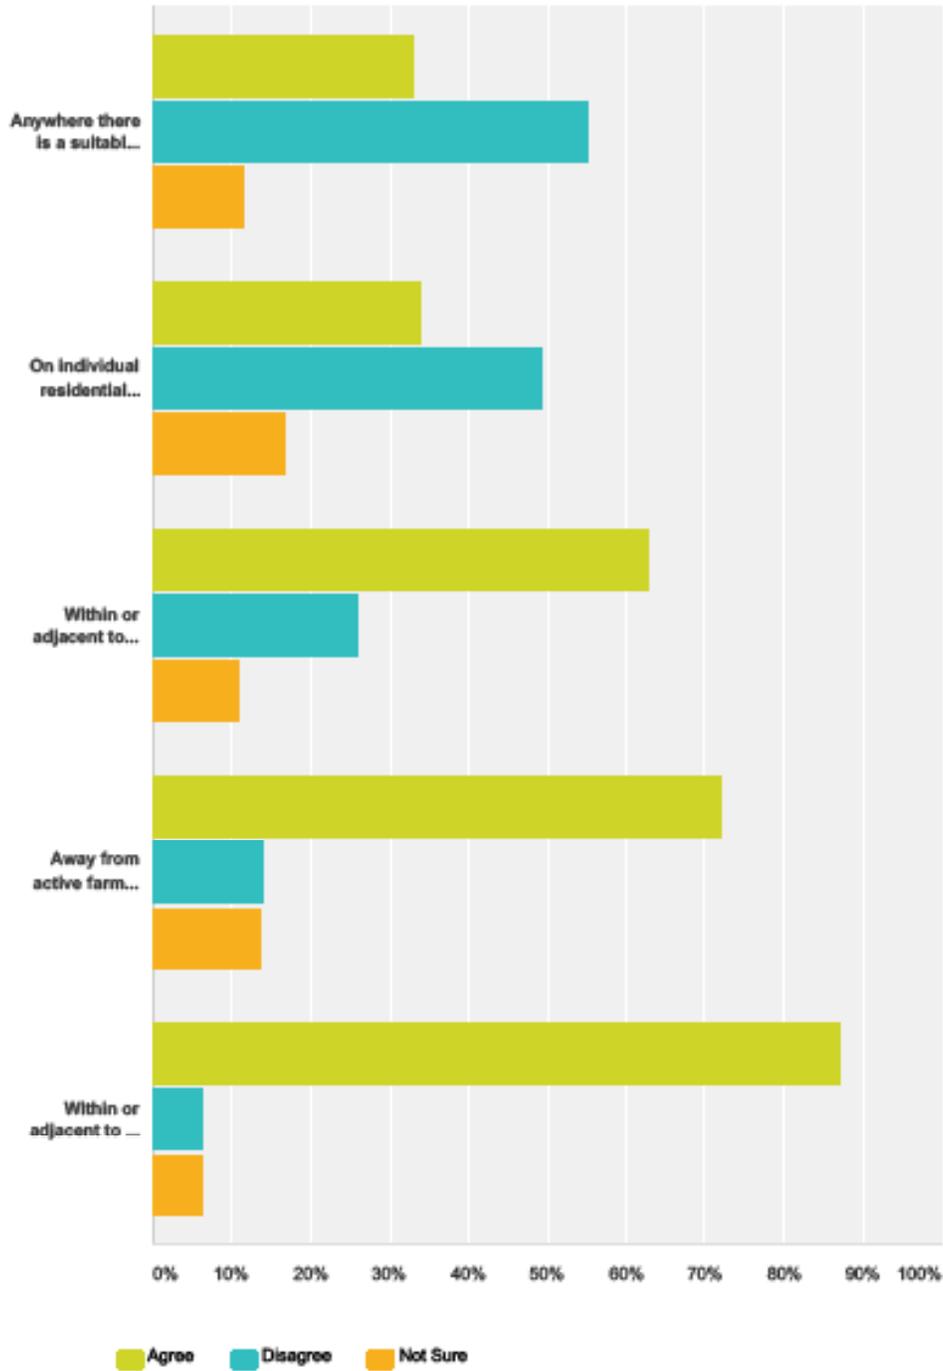

6	Regs against further Flood plain developments flood plains should not be altered as they help lessen down stream problems, existing developments should be uninsurable and bought out.	6/15/2015 11:02 AM
7	Well if they buidt them up out of the flood plain what are the damages ? if you ra referring to south duff than you need to take away the damn nothing more nothing less ... let the water go where it would naturally go? the duff flood pain is a reservoir, whether it is full of water or full of dirt it is full and the water needs to go down stream like it would naturally if man did not damn it up?? once it is full, it is full needs over emergency overflow...	6/13/2015 12:11 PM
8	And the definition of floodplain needs to be expanded to include more land.	6/12/2015 11:49 AM
9	Teh flood plain is part of the river.	6/9/2015 6:31 AM
10	Business YES, homes it should be up to the homeowner. I don't want to have to pay because a business was dumb enough to build in a flood plain.	6/8/2015 3:56 PM
11	However, if people wish to build or buy in flood plains the poor sap tax payers should not pay for any damages what so ever. You build a home in an avalanche chute that's your problem, don't come to me for a bailout.	6/6/2015 2:27 AM

14	It's ridiculous to continue allowing development in these areas and then deal with the aftermath of recurring natural events (such as floods). Building the property higher only pushes the problem downstream. We can be better to ourselves and our neighbors than that.	6/1/2015 1:18 PM
15	Common sense.	5/31/2015 3:31 PM
16	Ames is not doing enough, and as a result taxpayers are forced to subsidize bad decision making	5/31/2015 11:52 AM
17	Either limited by law, or if development takes place, public funding denied for incurred damages.	5/31/2015 9:37 AM

19	Can't believe Ames developed South Duff	5/29/2015 2:38 PM
20	It's kind of pathetic that this question even needs to be asked in 2015, but obviously it does.	5/29/2015 2:31 PM
21	The development of flood plains is not a problem. However no taxpayer aid should be provided to businesses who knowingly develop in flood plains as any damages should be covered by the businesses disaster recovery plan including savings and insurance. Additionally, regulations SHOULD be enacted to prevent xvelopment within a flood plain from altering the path of said flood plain.	5/29/2015 11:14 AM
22	If people decide they want to build in a floodplain it is between their bank and their insurance company. Government does not need to play a role in this.	5/29/2015 7:32 AM
23	one should be allowed to build where they would like, but insurance/govt should not pay money for damages caused by said natural events.	5/28/2015 9:15 PM
24	Duh	5/28/2015 7:04 PM
25	Duh. And a developer should not be allowed to raise the level of their land to put their facility out of harms way; this just increases the risk for everyone else who established a facility before them. Flooding can be mitigated with increased soil capacity and buffer zones to slow the wash-out from recent rains.	5/28/2015 3:52 PM
26	Don't just build a mound for the businesses on South Duff. Stop them from building there altogether.	5/28/2015 3:38 PM
27	Planning and Zoning current rubber stamps development in the flood plains and flood plain modifications. They may as well be abandoned and the resources allocated elsewhere.	5/28/2015 2:22 PM

1	City should be city and country should be farm. If city boundaries are made, then property is valued and taken care of. Like in Europe or in a peninsula like San Francisco or in cities borders by oceans or mountains. Above all, please avoid building along I-35 and making Des Moines, Ankeny and Ames I35 route be one big street. This is ugly between Athens Georgia and Atlanta and getting ugly between Ft. Collins CO and Denver CO.	7/26/2015 3:33 PM
2	The last thing we need is countywide sprawl -- Polk County has some of that and it's horrible	7/9/2015 11:03 PM
3	The county and cities within it must manage development in order to preserve the rural character of the county and its natural resources. Please don't allow developers to eat up farm land, woods, and other resources for random development. This spoils the land and also leads to many problems with infrastructure, including long-term maintenance.	6/26/2015 7:55 AM
4	Ames and other cities should quit pushing out into rural areas.	6/24/2015 7:17 PM
5	Development seems to mean a developer purchases land to create a housing development. We need to stop cookie cutter development. They are unsightly. The purchase prices are too expensive for the family making less than \$100k.	6/16/2015 1:45 PM
6	By suitable site, I mean not on prime farmland. Suitable sites would be land that is less suitable for farming.	6/15/2015 3:10 PM
7	The farm operator and owner should have to live next to the facility, preferably within 100 yards and down wind from said facility	6/15/2015 11:02 AM
8	Focus on infilling and using existing services, not building new	6/12/2015 11:49 AM
9	I don't think we need new developments- suburban sprawl is not good for a town. Let's live closer together so public transportation is more feasible.	6/11/2015 9:06 PM
10	Final item depends on the area (e.g., near a park or former landfill)	6/10/2015 11:24 AM
11	Develop South Ames	6/8/2015 8:38 AM
12	let the market and owners decide.	6/5/2015 8:28 PM
13	People should be able to live in throughout the countryside, however they need to realize that they will have to deal with nearby farming and smells. They also need to be aware that by being outside of town and not paying town taxes, they are not going to be entitled to all of the luxuries of town.	6/2/2015 11:07 AM
14	Let the buyer decide and be aware	5/31/2015 6:19 AM
15	Will the residential development decrease the need for transportation costs/output? Will the development be located near basic needs (grocery, health care, entertainment)?	5/29/2015 6:02 PM
16	Stop putting Ag first.	5/29/2015 5:36 PM
17	As much as possible, restrict building to land area that has already been built on.	5/29/2015 2:35 PM
18	There's a big difference between "within" and "adjacent to" existing rural subdivisions!	5/29/2015 2:31 PM
19	Not in flood plains	5/29/2015 1:54 PM
20	I would want to explore the definition of "suitable site for development" much closer. There is lots of room for interpretation and poor planning.	5/29/2015 9:29 AM
21	Too much development outside town and cities is using up farmland	5/29/2015 9:14 AM
22	Government should not decide this. The market will.	5/29/2015 7:32 AM
23	There are already several new developments to be filled, do we need more	5/29/2015 6:54 AM
24	what are you trying to really ask with this series of questions?	5/28/2015 9:15 PM
25	The health of an area and the impact a development may have should be considered.	5/28/2015 3:52 PM
26	would prefer limiting sprawl	5/28/2015 3:38 PM

27	Well and Septic Laws and "costs" will scare away most new development. That and the odors, dust, and so forth that comes from active farming operations. I think that if the people don't mind their vehicles trashed by rock chips and dust (etc.) then let them live across the countryside.	5/28/2015 2:08 PM
28	Better future land use maps are needed from County and Cities (cooperative effort?).	5/28/2015 11:19 AM
29	Understand and promote smart growth principles. Stop allowing rural developments.	5/28/2015 11:18 AM

11	We have so many graduating ISU students who would like to stay here, but we lose.	6/8/2015 8:40 AM
12	Why? Does ISU hamper the tax base? Granted, there don't seem to be a lot of spinoffs from ISU research (vetmed diagnostics a large exception) in Story County but Iowa/ISU is behind the times in this aspect. We got a late start. Look at ISU impacts in Ankeny and Johnston: HUGE, and very positive. Fighting with other entities to give away tax dollars is a very poor strategy. Everyone will be fighting for the crumbs.	6/6/2015 2:40 AM

5	dining plentiful—shopping lacking. rejuvenate Story City mall	6/23/2015 11:18 PM
6	dinning isn't a problem, shopping can be. Downtown is too expensive for my tastes and i don't go there. Plus parking is an issue down there.	6/22/2015 4:39 PM
7	We have plenty of places to dine in Ames but shopping for clothing and other goods is severely limited. Smaller communities could probably use more of both.	6/22/2015 11:42 AM
8	There is a dearth of decent restaurants, the Ames mall is bankrupt, it's a mess.	6/22/2015 7:52 AM
9	Dining is adequate, shopping is not	6/18/2015 3:51 PM
10	Dining is adequate, shopping is pitiful	6/18/2015 8:41 AM
11	Shopping	6/17/2015 1:38 PM
12	Rural Story County is lacking in both. Ames has too much of the same thing so it's lacking in variety in dining options. Very little shopping available in Story County.	6/16/2015 2:01 PM
13	Plentiful dining but lacking in healthy options overall.	6/16/2015 11:23 AM

18	A few nice restaurants but comparatively few given Ames is a U town.	6/6/2015 2:40 AM
19	For a college town you would think there would be more attractions; many go to Des Moines to shop; dining is decent, but could still improve; but not too many shopping options.	6/5/2015 3:34 PM
20	lots of restaurants but have to go to Ankeny to shop	6/4/2015 10:47 AM
21	My husband I often go to Polk County to shop and eat. Story County has some decent spots to shop and eat, but overall, it feels limited in scope. We also don't support bringing in big franchises, but would rather support local businesses.	6/2/2015 11:59 AM
22	Dining is great. Shopping not the best - Ames Main Street is great, but the mall is terrible (and yet, I'm not disappointed we didn't allow the Bucky mall to be built near the marsh. Glad to skip a poorly-sited mall to save a marsh.)	6/1/2015 1:20 PM

32	Need a furniture store	5/29/2015 12:43 PM
33	I find there to be an overabundance of dining options, which is great. I also find the shopping to suit about 90% of my needs, but the rest can be met by trips to other places like Des Moines, Omaha, or the Twin Cities. For example, IKEA is a great store, but there's no way (I don't think) that Ames could support a place like that. But shopping for clothes, gifts for holidays, home supplies, etc. is almost completely satisfied here.	5/29/2015 9:38 AM

1	West Ames needs restaurants. Not necessarily fast food (except for Popeyes chicken; that would be a plus). Lowe's needs competition from Menards or Lowes	7/26/2015 3:37 PM
2	See previous answer.	7/7/2015 11:10 PM

25	I am not a happy shopper anywhere as I do not like to shop but when I need to I can usually find what I need in Central Iowa and I try to find it in Ames first.	6/3/2015 9:57 PM
26	By "sit-down" restaurants, I'm referring to local, independent businesses – not the big chains and franchises (there are TOO MANY of those). I support adding local businesses, and possibly expanding the mall in Ames (I never even bother to go there, because it's so small and limited). It would be nice for the county to provide incentive for entrepreneurs and local businesses to flourish, rather than enticing big-box stores or franchises.	6/2/2015 11:59 AM
27	I think that the county should try to help Ames get a Menards store in Ames. That would help keep me in Story County a lot more. I go to Ankeny to go to Menards, then just do my shopping in Polk County to save a penny on taxes. If Menards were in Ames I would probably just stay in Story County to shop.	6/2/2015 11:12 AM

8	Need better access to high speed internet in rural areas.	6/24/2015 7:23 PM
9	Ames needs another fire house, and burning recycleable materials in Ames is beyond stupidity.	6/22/2015 7:54 AM
10	The murder of Tyler Comstock by Ames PD was heinous. I thought we had a better community than that.	6/17/2015 3:00 PM
11	Not enough people know about how Ames utilizes trash for energy. Lots of people "recycle" and shouldn't (except for glass)	6/17/2015 11:05 AM
12	We cannot get CenturyLink internet. Television services are limited in our location	6/15/2015 3:29 PM

16	Colo is monopolized for cable/Internet, poor quality for hig prices	6/12/2015 2:11 PM
17	Would be nice to have one stream recycling in rural Ames	6/12/2015 12:00 PM
18	We have a recycling program here?	6/11/2015 9:10 PM
19	need more high speed in rural areas via local phone company	6/11/2015 12:25 PM
20	street plows pushing snow onto the front of driveways is a horrendous thing to discover upon returning from work or first thing in the morning. One can not move that kind of snow by oneself - specially when it turns into an ice berm! lights are out often all over town - along streets. no one pays mind any longer to impediments to sidewalks - tree/bush overhangs - lack of property snow removal especially along trails/walks to buses.	6/10/2015 12:33 AM
21	We need a recycling center in Ames - the city needs to subsidize that!!	6/9/2015 6:35 AM
22	Street Maintenance starting a job and then being gone for a good portion of the summer when the street is torn up is annoying.	6/6/2015 7:57 PM
23	Ames has third-world quality Internet off campus. I'm filling out this survey from Africa, much better net than CenturyLink in Ames iowa.tree branch disposal is a big issue. We've planted a lot of trees but sometimes they lose branches. Disposal is difficult in Ames. Our neighbors solution: don't plant trees, a really poor solution.	6/6/2015 2:43 AM
24	Our cable company needs to carry more Chicago Cubs games and more cultural networks. I am a sports fan but I also like opera, symphonies and theatre productions.	6/3/2015 10:01 PM

28	internet competition should be encouraged	6/2/2015 12:51 PM
29	In our apartment, internet is terrible ... We don't like that Mediacom has the monopoly here, and it also seems like there are constantly issues with the fiber optic lines... Our internet becomes very spotty and unreliable in the evenings when everyone is home and (we assume) streaming movies or games ...	6/2/2015 12:02 PM
30	These comments are for service in Roland. If it weren't for CCS out of Stratford, the cable and internet would be marked lower. It is sad that the can redemption center in Ames closed.	6/2/2015 11:15 AM
31	Overall, stormwater management is good, though I and my neighbors have been trying to get the city of Ames to help with a stormwater easement and not gotten much response.	6/1/2015 3:45 PM
32	We need better internet service!!!	5/31/2015 3:40 PM
33	Few competitive options for cable/Internet.	5/31/2015 9:41 AM
34	Sheriff's Dept is bloated. I'm amazed at how well our rural gravel roads are maintained. Our county road system is very good.	5/30/2015 2:57 PM

45	We have too much garbage; we have a culture of consume and throw away. We should have a local recycling option; many of us are stuck with what a landlord provides. The loss of the recycling center was a major blow to our culture. Sidewalk maintenance is horrible, especially on Duff Ave; this is a very hazardous and dangerous area for the sidewalk pedestrian.	5/28/2015 4:03 PM
46	Need a curbside recycling program in Ames	5/28/2015 1:37 PM
47	Story County needs a warm water physical therapy, year-round pool facility.	5/28/2015 11:28 AM
48	Bike trail needs paved. Library is too small. Need a new school to compete with surrounding communities - but people won't pass bond for reasons I don't understand. There is no recycling program. Only choices for cable are Dish & Direct. Internet through Windstream not the best. I live in Maxwell.	5/28/2015 10:16 AM
49	The Garbage collectors leave a lot of trash around. It's neater now that I take my own. Ames doesn't begin to have enough swimming facilities. We need a reliable internet provider in Ames. None of them have reliable service.	5/27/2015 11:28 PM
50	Mediacom needs competition	5/27/2015 7:30 PM
51	Getting DSL in parts of Ames and in rural areas is expensive at best, and often difficult.	5/27/2015 4:06 PM

6	Seems to be geographically the same size. Maybe we should overtake Hamilton county with our militarized sheriff's department	6/16/2015 8:07 AM
7	Not much growth in eastern story county	6/11/2015 8:34 PM
8	way too much on north side -	6/10/2015 12:35 AM
9	Mostly collage students	6/8/2015 8:43 AM
10	but primarily in Ames in my view	6/8/2015 2:51 AM
11	Growth is relative, perhaps Ames has had a lot of growth compared with other Iowa towns. Growth here is not 'fast' like truly fast growing areas on the west coast.	6/6/2015 2:49 AM
12	growth is not necessarily good, e.g. growth of ISU student population without growth in housing to go with it.	6/4/2015 7:27 PM

1	There are too many exceptions made to existing policies	7/9/2015 11:10 PM
2	I will be moving out of the county due to overdevelopment surrounding me in rural area.	6/26/2015 6:32 PM
3	The best cities in the U.S. implement carefully managed development plans and do not allow random, unrestricted development. Such development pays no heed to the character of the region, historical significance, preservation of natural resources, etc. Infrastructure needed to support random development is more costly and less reliable. This has to be managed for long-term sustainability of all that we have now.	6/26/2015 8:01 AM
4	Needs to case by case basis.	6/25/2015 6:30 PM
5	The county gave away too much control to the City of Ames. Rural residents are being restricted too much.	6/24/2015 7:27 PM

39	don't build on farm land	5/29/2015 6:51 PM
40	more restrictive on flood plain building.	5/29/2015 6:29 PM
41	Balancing the health needs of the citizens (water quality, air quality, allergies, etc.) With the current culture, this may seem like getting my cake and eating it too.	5/29/2015 6:13 PM
42	Be SMARTLY restrictive. Continued development in flood plains, for example, is crazy.	5/29/2015 2:44 PM
43	each case is different and looked at	5/29/2015 2:32 PM
44	no more apartments	5/29/2015 2:30 PM
45	state laws restrict county options where most needed - factory farms	5/29/2015 2:29 PM
46	Keep buildings/businesses and residential out of 500 yr flood plains	5/29/2015 1:57 PM
47	but the city of Ames planning office is not easy to work with, won't return calls, do not follow up on things; growth on S Duff is ridiculous as this area will flood again and those businesses who have been in place prior to 2008 will see catastrophic damage when we have major flooding again	5/29/2015 12:47 PM
48	more restrictive when it affects water air quality otherwise current level ok.	5/29/2015 11:54 AM
49	i don't think that any of these really fit as the subject is too broad. in some areas we need more restrictions, in others, fewer.	5/29/2015 11:22 AM
50	Natural areas need greater protection	5/29/2015 10:52 AM
51	We really just need the right types of restrictions. Environmentally hazardous operations should not be located near sensitive environments; like hog lots next to a water way.	5/28/2015 4:07 PM
52	Again - 35 acre minimum keeps out people from building or buying in the county. So you allow a cheap mobile home on 50 acres but not a new house on 1 acre? That doesn't make sense.	5/28/2015 3:42 PM

56	Iowa has the most fertile land in the world. Stop covering it with roads and buildings. Our soils are needed to grow food (not food and fuel).	5/28/2015 11:34 AM
57	More restrictive in some ways, less in others. Update goals with public participation	5/28/2015 11:15 AM
58	Rural areas and farms need to be protected	5/28/2015 11:14 AM
59	Overall just less development on the flood plain, less agricultural land directly bordering lakes and streams	5/28/2015 9:53 AM
60	Be hardasses.	5/28/2015 9:26 AM
61	We need a park in the natural wetlands, not SuperWalMart and Target.	5/27/2015 11:31 PM
62	It shouldn't be about strictness. Set goals and be flexible in regard to achieving them.	5/27/2015 9:49 PM
63	if it makes sense... Don't trash the environment, but be open to discussion so all parties know what is expected.	5/27/2015 9:28 PM
64	Stop building in the flood plain	5/27/2015 9:17 PM
65	not familiar with county land use policy, only Ames.	5/27/2015 8:27 PM
66	Except no more development in flood plains!	5/27/2015 7:44 PM
67	Big developers seem to have much sway with city councils--more, I think, than they should.	5/27/2015 4:10 PM

3	So long as these things are in Ames (aka where most of the population and economy of Story County is).	6/17/2015 3:04 PM
4	Workshops are ineffective	6/16/2015 8:07 AM
5	Protecting what natural resources? Mostly already gone in Iowa. It is too late at this late date. That train left the station	6/6/2015 2:49 AM
6	I distrust public workshops	6/4/2015 10:12 AM
7	I forgot to mention regarding transportation: increasing public transportation strategically would be beneficial. In Ames, at least, it seems all the public buses travel virtually the same over-trodden routes, leaving sections of the city with just one bus line. I live 3.5 miles from my workplace, but it would take me over an hour to commute by bus to my workplace, because there is one single bus that travels near my apartment complex, and I'd have to take a transfer. What about buses to visit areas outside the city? I'd support efforts to encourage less car use and more public transport if the efforts would increase access to places that people can generally only get to by car or getting a ride with someone else, such as county parks, or transport from Ames to Story City (for instance). Similarly, passenger rail service between some of the county's towns and cities could help promote more public transport and bring more visitors to some of these smaller towns that might benefit economically from more people being able to visit them.	6/2/2015 12:07 PM
8	This survey goes on and on.	5/31/2015 6:33 AM
9	no meetings	5/30/2015 3:13 PM
10	Hey, this is kind of short notice and a lot of us have already made plans and will be gone in June! Is this the only chance we'll have??????????	5/29/2015 2:44 PM
11	Need workshop on local foods, all renewable energy (not just wind farms). I don't consider biofuel plants as renewable energy.	5/28/2015 11:34 AM
12	Sorry, but these sessions come across as a formality. For example, do you really think a workshop on education will truly change practice?	5/27/2015 9:49 PM
13	You have "Wind Farms" twice. Is solar an alternative? Not farms but supporting solar installations on homes and businesses?	5/27/2015 4:10 PM

Q1 How do you describe Story County and the city you live in to people you know or meet that don't live here?

Answered: 103 Skipped: 7

#	Responses	Date
1	Story County is a good place to live. The people here are generally kind, more so in the smaller communities such as Gilbert, Slater, and Roland. Ames provides a mixture of suburban living with a more rural style of neighborhoods perfect for starting a family. Ames has plenty to offer from its large corporations, such as Fareway, Hyvee, Casey's, and Walmart, just to name a few; however, I think it is the smaller businesses that give Ames its distinctive feel. Those in and around campus town receive an abundance of college students.	9/27/2015 8:47 PM
2	I describe Story County as a remotely rural area with parts of higher activity from a population standpoint such as Ames. The overall attitude is a positive one as many people in the county have wonderful characteristics to them.	9/23/2015 9:02 PM
3	A lot of farmers live here. There are a lot of things to do and be apart of to help the community.	9/20/2015 5:56 PM
4	I describe it as a place (Ames) that has a lot of diversity so there are many activities to do, and there is plenty of open space for outdoor activities	9/20/2015 3:33 PM
5	good, I mean everyone is nice and friendly	9/20/2015 1:15 PM
6	I would describe it as a place where everyone knows each other and its just a very welcoming community.	9/20/2015 11:40 AM
7	Rural or suburban communities with regularly caring citizens.	9/20/2015 10:38 AM
8	Story County is a good place. I live in Ames, and I love it here. It consists of a lot of polite people.	9/18/2015 3:02 PM
9	A nice place to live and grow with lots of opportunities	9/18/2015 2:18 PM
10	Gilbert is a very small town and does not have a lot of things to do.	9/18/2015 2:11 PM
11	Small, Friendly, Easy to get around.	9/18/2015 1:25 PM
12	I live in Ames and go to school in Gilbert. I describe my school as horrible but Ames is cool and I have enjoyed my 17 years there.	9/18/2015 12:33 PM
13	Small enough to still have a nice community feeling but big enough to offer good opportunities	9/17/2015 4:58 PM
14	A good place to live.	9/17/2015 4:09 PM
15	-	9/17/2015 3:09 PM
16	A nice quiet town, safe, good places to go and an awesome college.	9/17/2015 1:28 PM
17	I would describe it as a place where everyone knows everyone. When you go to the grocery store you will surely see someone you know, and I love that aspect of it.	9/17/2015 12:44 PM
18	if I was to describe Story County, I would say something along the lines of, "it's nice if you like more rural places or are planning into joining ISU, but if you're looking for a place like San Fransisco or NYC, steer clear."	9/17/2015 12:35 PM
19	It's a great place to be	9/17/2015 12:24 PM
20	I would say that it's a great community and has lots of services.	9/17/2015 12:17 PM
21	I think that people here are nice.	9/17/2015 11:30 AM
22	It's a great community but the school rivalry can sometimes escalate farther than it should.	9/17/2015 11:18 AM
23	A place to feel safe and meet a lot of inspiring people.	9/17/2015 11:13 AM
24	It is a nice community that is helpful to people	9/17/2015 11:11 AM
25	Good place to have a family.	9/17/2015 11:07 AM
26	It is wonderful and freindly	9/17/2015 10:57 AM
27	I like Gilbert and how its a smaller town and most of the people are very friendly. I live in the part of Gilbert where the roundabout just got installed so trying to get to school is sort of a hassle but its manageable.	9/17/2015 10:48 AM

41	A nice city with Iowa State University.	9/17/2015 8:40 AM
42	Story County is a great starter place but there are better places to live once you look at the future.	9/17/2015 8:39 AM
43	IT is a nice place to live full of nice people. Everyone is kind and welcoming.	9/17/2015 8:39 AM
44	Story County is a nice enough place. Great to live in but not visit. But that can be said for all of Iowa. Ames, however, attracts tons of people due to its sports. We have a very successful basketball team, a popular football team, and more.	9/17/2015 8:36 AM
45	A county in the middle of Iowa that is home to some small towns that have almost nothing around, if you want to do anything go down to Des Moines unless you want to eat at Hickory park.	9/17/2015 8:30 AM
46	We're more humble, friendly, and polite. However, a lot of farmers are less able for others to relate to.	9/17/2015 8:25 AM
47	It's a good community that's small and friendly	9/17/2015 8:21 AM
48	its pretty small, and is a good community.	9/17/2015 8:20 AM

Q2 What do you like about living and going to school in Story County?

Answered: 102 Skipped: 8

#	Responses	Date
1	I like the rural feeling while having all of the comforts a large city has to offer.	9/27/2015 8:47 PM
2	The amount of added classes and benefits it adds to the school districts of the area. This is both from adding Agricultural classes as well as provide space and resources to expand learning inside schools.	9/23/2015 9:02 PM
3	It has welcoming communities, many events, and fun activities for all ages	9/22/2015 7:05 PM
4	I do like living in story county because because it is mostly country and peaceful. Going to school in story county is great because there aren't as much kids in the district as some places so we have teachers that can actually get to know and connect with each student and care about how they do.	9/20/2015 5:56 PM
5	It isn't very big, and it is easy to know a lot of people in my community. My school is also close to my house.	9/20/2015 3:33 PM
6	what i most like about living and going to school in story county is that everyone is friendly and peaceful also that it is simple to live around other people	9/20/2015 1:15 PM

8	I like the size of the town and community and the type of people you meet.	9/20/2015 10:38 AM
9	My school consists of a tight-knit community of caring people - for the most part.	9/18/2015 3:02 PM
10	The schools are great and everyone lives close so that makes it easier to hang out after school.	9/18/2015 2:18 PM
11	I like how close the school is. I also like the small town to an extent.	9/18/2015 2:11 PM
12	I like going to school in Story County, because it is small and it's easy to get around. I like how I know everyone/most people in my school district and county.	9/18/2015 1:25 PM
13	It is quite pleasant. Very little to no crime, although my ipod got stolen at school and the principal did very little to help and was pretty horrible at handling a bullying situation last year.	9/18/2015 12:33 PM
14	I have lots of friends and I go to a great school.	9/17/2015 4:58 PM
15	There are good school systems and there are lots of people around.	9/17/2015 4:09 PM
16	-	9/17/2015 3:09 PM
17	People care about others, not just themselves. I have been all around the country and would never live anywhere else.	9/17/2015 1:28 PM
18	I absolutely love living and going to school in story county. I love all the festivals and activities that are always taking place, because it keeps me busy. I also love the school I attend, they make sure that I know how to succeed and make sure that I will reach the goals that I have put out for myself.	9/17/2015 12:44 PM
19	I like that everybody for the most part is friendly at school and no one's been too creepy to me outside of school.	9/17/2015 12:35 PM
20	the people	9/17/2015 12:24 PM
21	It's got a little bit of everything and has great programs for everyone.	9/17/2015 12:17 PM
22	It's a nice, clean, and friendly environment that is easy to live in.	9/17/2015 11:30 AM
23	I love going to school in story county because it's like everyone is your friend and you can ask anyone a question.	9/17/2015 11:18 AM
24	I like it because it's close and has good respectful teachers.	9/17/2015 11:13 AM
25	It allows me to see my friends more often	9/17/2015 11:11 AM

7	Yes because everyone is nice and welcoming.	9/20/2015 11:40 AM
8	Yes it has because there are plenty of good role models both at home and in school.	9/20/2015 10:38 AM
9	I have always felt safe here.	9/18/2015 3:02 PM
10	Yes, because people are very nice and the schools are great and it is a great place to live	9/18/2015 2:18 PM
11	yes. There is low crime were I live and there is some stuff of do in Ames.	9/18/2015 2:11 PM
12	Story County has been a good place to grow up because, I know where each school district is/how to get around easily, I like the people, and I have grown up here most of my life.	9/18/2015 1:25 PM
13	I guess, because nothing super horrible has happened here.	9/18/2015 12:33 PM
14	Yes because it has a good education system and it's safe compared to lots of other places.	9/17/2015 4:58 PM
15	Yes, because there are great people who are caring and willing to help.	9/17/2015 4:09 PM
16	Yes, most likely because I live in the country and because of the way I was raised	9/17/2015 3:09 PM
17	Yes, it showed me how to care for others.	9/17/2015 1:28 PM
18	I have loved growing up with Story County because it is filled with good people. Everywhere I go there is someone that surprises me with their sense of courtesy.	9/17/2015 12:44 PM
19	For most people, it is a great place. Although I prefer bustling, loud cities to quiet places like Iowa, it has been enjoyable for the most part.	9/17/2015 12:35 PM
20	yes because of all the great people	9/17/2015 12:24 PM
21	Yes because it's a very agricultural and safe community.	9/17/2015 12:17 PM
22	I think that Story County has been a good place to grow up in because of its nice environment but at the same time it is boring.	9/17/2015 11:30 AM
23	I think story county has been a good place to grow up in because it is rare to have people that are left out so everyone will feel included and wanted.	9/17/2015 11:18 AM
24	Yes, because story county makes me feel safe, and has good schools for education that will challenge us.	9/17/2015 11:13 AM
25	Yes it has because I have always felt safe and at home	9/17/2015 11:11 AM
26	Yes, because I have a good school and lots of people are nice.	9/17/2015 11:07 AM

Story County Comprehensive Plan 2036: Cornerstone to Capstone

27	Yes people have been friendly	9/17/2015 10:57 AM
28	Yes. I have many memories here, good and bad and I love my city and the people in it and the fun things Gilbert has to offer.	9/17/2015 10:48 AM
29	Yes it had been, there is so much to offer and places to go and people to see.	9/17/2015 10:46 AM
30	Yes because its a small county that has good people that live in it	9/17/2015 10:44 AM
31	Yes, it has always offered me a lot of opportunities	9/17/2015 10:44 AM
32	Yes. Its a nice place	9/17/2015 10:23 AM
33	It has been good because of the safety feeling, but it's too much at times.	9/17/2015 10:06 AM
34	Story County is a good place to grow up because I feel safe. Small schools give a lot of opportunities.	9/17/2015 9:40 AM
35	Yes for the most part because a lot of the kids are nice and fun to be around.	9/17/2015 9:09 AM
36	I think it has. I've always lived here and it is a very safe county.	9/17/2015 9:06 AM
37	I tink Story County has been a good place to be raised because I feel safe.	9/17/2015 9:01 AM
38	Yes, I like it...	9/17/2015 8:59 AM
39	Yes because it is a small town with enough stuff to do that everything is cool.	9/17/2015 8:52 AM
40	I didn't grow up in story county.	9/17/2015 8:48 AM
41	It has been a good place to grow up because I have so many opportunities to improve myself.	9/17/2015 8:42 AM
42	Yes because there are lots of things to do close by.	9/17/2015 8:40 AM
43	It has been a good place to grow up but the school district that I go to has not treated me the best when in comes to a sports stand point.	9/17/2015 8:39 AM
44	Yes, because it is safe and there are lots of things to do	9/17/2015 8:39 AM
45	Yes! It's a peaceful county. Enough things for a child to do, and very safe.	9/17/2015 8:36 AM
46	It's been ok but there are little to none things around here to do and I feel I have to go to Des Moines most of the time to do anything.	9/17/2015 8:30 AM
47	Yes and no. I've had neighbors who have done horrible things to me and my family, but other neighbors have become my best friends.	9/17/2015 8:25 AM
48	I didn't grow up here but it's been good since I've been here	9/17/2015 8:21 AM
49	Story county has been a good place to grow up because everyone is nice and my friends are always close	9/17/2015 8:20 AM
50	yes, not too big	9/17/2015 8:09 AM
51	Yes, I have loved the life I have had and all the neighbors and people I have met.	9/16/2015 11:16 PM
52	Yes, it doesn't have to many crimes, but the ones that happen teach me a lesson on what not to do.	9/16/2015 11:14 PM
53	Story County has been a good place for me to grow up because there are lots of places for me to go and meet new people and things for me to do in this county. I loved going to Peterson Pits, McFarland and Ada Hayden as a kid because it was somewhere new to explore.	9/16/2015 10:52 PM
54	I think so, then again I've never lived anywhere else so I have no experience of other places. I've enjoyed growing up here because the community is so welcoming, and living close to the school has mainly been beneficial.	9/16/2015 9:41 PM
55	It's been an amazing place to grow up because it's safe, everyone is nice, and there's a lot to do.	9/16/2015 9:38 PM
56	yes it was because it is small everyone knows everybody	9/16/2015 9:38 PM
57	Yes because its lots of open space for you to live and explore.	9/16/2015 8:58 PM
58	Yes, it feels safe, and you really get that small town feeling	9/16/2015 8:55 PM
59	Yes, because I feel like I grew in a controlled safe environment, though sometimes I wish there was more to do	9/16/2015 8:44 PM
60	yes, I grew up here all my life, left the area, and our family failed... so turned out that story county is the only place that our family can be successful	9/16/2015 8:41 PM
61	A very good place to grow up. Almost everyone is very nice and willing to help you out.	9/16/2015 8:26 PM

62	I believe so yes because you get to grow up around a little bit of everything. You have the farms, little towns with little family owned businesses, and bigger towns with more options of shopping stores.	9/16/2015 8:09 PM
63	Yes because there are many nice people around here	9/16/2015 6:37 PM
64	Yes. Very. You have a lot to do and have a lot of time ny yourself to think about stuff.	9/16/2015 5:49 PM
65	Yes, I feel safe here.	9/16/2015 4:41 PM
66	Yes because everybody is friendly and there is plenty of space unlike the city.	9/8/2015 4:44 PM
67	Yes, it's safe.	9/8/2015 11:12 AM
68	yes. Its a good place to live and its nice	8/11/2015 9:57 AM
69	it's safe and the people are nice.	8/9/2015 12:42 PM
70	Very good. Small town values are great. Working hard and working together	8/8/2015 9:50 PM
71	because my family live around here	8/7/2015 3:50 PM
72	Yes, I know that my community is safe and I can trust most people here.	8/7/2015 3:37 PM
73	Yes because never have to really worry about much	8/7/2015 1:29 PM
74	I like small towns, so this place is just right for me. :)	8/5/2015 3:39 PM
75	Yes, it is a very nurturing environment.	8/5/2015 9:37 AM
76	Yes, I feel that I am surrounded by people that care about me and other people	8/4/2015 12:11 PM
77	Yes	8/3/2015 11:43 PM
78	Yes because I have had many opportunities to do anything I wanted.	8/2/2015 11:26 AM
79	Please see question 2.	7/30/2015 9:48 PM
80	Yes, its a nice town not a lot happens.	7/29/2015 7:38 AM
81	I think it is a good place to grow up because it's not too big to get lost and it gives kids opportunities.	7/28/2015 10:33 PM
82	yes it has and I like how it has a fun pool and stuff like that	7/28/2015 5:05 PM
83	Yes because I like the people and places	7/28/2015 5:04 PM
84	Yes. I don't have a reason I just like my home	7/28/2015 4:50 PM
85	Yes Iowa state is close we have a pool in town and a can bike around. We have a great Fourth of July celebration	7/28/2015 4:45 PM
86	Yes, there are a lot of opportunities in the area and it's an extremely safe area	7/28/2015 11:24 AM
87	Yes, good schools, and good economic activity.	7/28/2015 11:23 AM
88	For the most part yes. Clean, friendly, quiet place.	7/28/2015 10:40 AM
89	In my opinion Story County is a great place to grow up because the people are great and the places to go are fun.	7/28/2015 10:11 AM
90	its a family friendly environment	7/25/2015 6:47 PM
91	Yes, it's a safe place with opportunities to learn and grow.	7/25/2015 9:25 AM
92	I think it has been a good place to grow up in. The school district is one of the best in Iowa.	7/24/2015 5:13 PM
93	Yes because as I mentioned before, I am able to get involved in basically anything I want to. Also you get to experience college life in a way being so close to Iowa State and seeing the students around so much,	7/24/2015 1:52 PM
94	Yes. I have had very good experiences with education, youth recreation programs, etc.	7/23/2015 11:55 PM
95	Yes, it has lots of opportunities for me.	7/23/2015 10:54 PM
96	Eh. The school I go to Gilbert is my least favorite place in the world	7/23/2015 10:16 PM
97	Yes, because it is safe, and a good size. People care about things and eachother. On the flip side, there's not much to do in story county.	7/23/2015 10:07 PM
98	yes. It is a very friendly place	7/23/2015 9:57 PM
99	It has been a good place to live, but it needs to get rid of religion to truly move forward	7/23/2015 7:10 PM
100	Yes because I love my friends at Gilbert.	7/23/2015 5:00 PM

101	Yes. Many opportunities as a little kid to try new things. As I got older there are still many opportunities. Very safe place to grow up.	7/23/2015 4:55 PM
102	Yes, it's a safe place. There are bad parts of town, but no one is worried about walking down main street or hanging out at the park.	7/23/2015 4:50 PM
103	Yes, it has taught me to work hard for the things I want	7/23/2015 4:45 PM
104	Yes because I haven't had to deal with crazy people on the roads or streets that could potentially harm me or my family	7/23/2015 4:45 PM

Q4 What would you like to change about Story County and your city?

Answered: 99 Skipped: 11

#	Responses	Date
1	I would like to see more focus on retaining farmland and wildlife areas. Our cities should grow up more than they should grow out.	9/27/2015 8:47 PM
2	The only thing I would change about Story County as a whole is perhaps offer more connection from school to school in certain activities such as whole county conventions for high school students or interactions in which students from each school can bond with one another on any topic.	9/23/2015 9:02 PM
3	none	9/22/2015 7:05 PM
4	Nothing.	9/20/2015 5:56 PM
5	Better roads, and also less time to fix the roads, there always seems to be construction that lasts too long.	9/20/2015 3:33 PM
6	Maybe, start a cleaning process because I seen lots of trash around the streets	9/20/2015 1:15 PM
7	I would change the way we do early out Wednesdays because even though they help a little, they aren't helping a whole lot for the students.	9/20/2015 11:40 AM
8	Diminish the difference between the "have" and "have-nots".	9/20/2015 10:38 AM
9	Nothing.	9/18/2015 3:02 PM
10	I think that they should add more soccer fields and parks.	9/18/2015 2:18 PM
11	I would like to see more fun things to do in Story County. I would like to see a sky zone or something that is fun for older kids. I would also like to see more buisnesses near gilbert.	9/18/2015 2:11 PM
12	Get people more involved. Make people more aware of things they can do to help/ improve our county.	9/18/2015 1:25 PM
13	I would enjoy it if my principal at gilbert high school was fired and we had better teachers.	9/18/2015 12:33 PM
14	I would want to offer more work opportunities in Gilbert besides just working at Casey's or the few little shops and the Open Flame.	9/17/2015 4:58 PM
15	I'm not sure. To me it seems like a nice place already.	9/17/2015 4:09 PM
16	Better maintenance of gravel roads.	9/17/2015 3:09 PM
17	Nothing.	9/17/2015 1:28 PM
18	if I could change one thing about Story county I would put up inspirational quotes up all around the county, this way it reminds us to strive for what we want and to remind us of how grateful we should be with everything we have.	9/17/2015 12:44 PM
19	I really just want more sidewalks for walking and biking. To be honest, it's quite a hindrance to be biking with young children and having the sidewalk end and begin at random. If you're looking for changes people-wise, Republicans can get quite rude around here, especially the Jesus freaks... It's not something changeable, but if people were better educated about political issues and current events, it may change many people's views.	9/17/2015 12:35 PM
20	Nothing	9/17/2015 12:24 PM
21	I honestly don't know what I would change.	9/17/2015 12:17 PM
22	I would like there to be more recreational facilities. There are several restaurants and stores where I live, but not many places to go specifically for fun.	9/17/2015 11:30 AM

23	I would like to change how the school rivalry can be taken to far by going on the internet and saying rude things about the other school. I don't think that is right and people should know better.	9/17/2015 11:18 AM
24	Nothing	9/17/2015 11:13 AM
25	More variety of stores.	9/17/2015 11:07 AM
26	Nothing	9/17/2015 10:57 AM
27	Nothing	9/17/2015 10:48 AM
28	Nothing.	9/17/2015 10:46 AM
29	Better schools	9/17/2015 10:44 AM
30	There is nothing major I would like to change about Story County	9/17/2015 10:44 AM
31	I dont know	9/17/2015 10:23 AM
32	Less division between schools, and to have people be more open to relationships; seems like there's a predetermined thought that not many people date here.	9/17/2015 10:06 AM
33	I would not change it.	9/17/2015 9:40 AM
34	I would add entertainment and restaurants.	9/17/2015 9:09 AM
35	I wouldn't really change anything.	9/17/2015 9:01 AM
36	I would rather have my city have a gas station or something...	9/17/2015 8:59 AM
37	I would like to see Gilbert expand	9/17/2015 8:52 AM
38	More places to eat.	9/17/2015 8:48 AM
39	I would like to see more drinking fountains.	9/17/2015 8:42 AM
40	I would like to get better stores put in Ames because it is annoying to have to go to Des Moines for things that Ames doesn't have.	9/17/2015 8:40 AM
41	In Gilbert there needs to be more production like new businesses and stuff because right now there is not much.	9/17/2015 8:39 AM
42	nothing	9/17/2015 8:39 AM
43	Not much. More tennis and better clothing shops.	9/17/2015 8:36 AM
44	Please add a Hardees.	9/17/2015 8:30 AM
45	I would like for it to be more community involving.	9/17/2015 8:25 AM
46	Nothing I'm perfectly fine with how it is	9/17/2015 8:21 AM
47	nothing its pretty awesome, but I would like to get rid of the pot heads that hang around lions park.	9/17/2015 8:20 AM
48	better shopping mall olive garden tropical smoothie cafe	9/17/2015 8:09 AM
49	if I could change one thing it would be the division between Gilbert and Ames. We are divided as schools and we don't get along well.	9/16/2015 11:16 PM
50	I wish that there were more opportunities for community service in Story County that I would be aware of or even County wide projects to improve our county and communities.	9/16/2015 10:52 PM
51	if I could change my city, I would place more like eventful buildings in town. For example, a more popular restaurant and something for entertainment (arcade or bowling). That way the people in Gilbert specifically won't have to drive a far distance just for something to do outside of their home.	9/16/2015 9:41 PM
52	I would take away main street and replace it with an outlet mall. I would also make the town more republican.	9/16/2015 9:38 PM
53	not a single thing	9/16/2015 9:38 PM
54	A restaurant!	9/16/2015 8:58 PM
55	Better restaurants/ just things to do on a daily basis	9/16/2015 8:55 PM
56	I would like there to be more activity in the county with different events. I would like a better fair many times we lose attendants and participants form story county to boone,	9/16/2015 8:44 PM
57	-	9/16/2015 8:41 PM
58	I would like there to be more supermarkets in small towns.	9/16/2015 8:26 PM

Story County Comprehensive Plan 2036: Cornerstone to Capstone

59	I kind of wish it was more laid back with rules and laws. I realize some of that stuff would have to be kept, but when I talk to people who grew up here and hear about how much things have changed, I find it kind of sad.	9/16/2015 8:09 PM
60	I would like to change how many trees are in the area especially because its too empty	9/16/2015 6:37 PM
61	The amount of activities.	9/16/2015 5:49 PM
62	Nothing, really.	9/16/2015 4:41 PM
63	Nothing	9/8/2015 4:44 PM
64	Um, I think there are some schools in Story County that don't have the technological privileges as Gilbert. Maybe a community center.	9/8/2015 11:12 AM
65	i dont know	8/11/2015 9:57 AM
66	I can't think of anything.	8/9/2015 12:42 PM
67	Nothing	8/8/2015 9:50 PM
68	if there a movie theater in town	8/7/2015 3:50 PM
69	More options for after school activities	8/7/2015 1:29 PM
70	Maybe another gym somewhere	8/5/2015 9:37 AM
71	Nothing	8/4/2015 12:11 PM
72	Nothing	8/3/2015 11:43 PM
73	I don't know. There is always more we could be doing but we are doing a bang up job right now. (But some of the roads in story county could be fixed).	8/2/2015 11:26 AM
74	I would enjoy seeing certain gravel roads paved, such as 19th street in Nevada.However, I assume that some roads are under consideration for paving.	7/30/2015 9:48 PM
75	I wish the place I live in Nevada, had a town square instead of a a main street.	7/29/2015 7:38 AM
76	Nothing	7/28/2015 10:33 PM
77	i would change how people smoke a lot and get drunk a lot	7/28/2015 5:05 PM
78	Nothing	7/28/2015 5:04 PM
79	Nothing	7/28/2015 4:50 PM
80	Nothing	7/28/2015 4:45 PM
81	Story County- Stop having farmland sold off for Eminent Domain or for housing development. Would also like the Cornerstone Church Compound in Ames be under surveillance. Also, Ames is a mess in the summer with all of the road construction which is extremely inconvenient. Along with the 69 construction. Cambridge-Nothing. Best town in Story County	7/28/2015 11:24 AM
82	none	7/28/2015 11:23 AM
83	Make it easier to do get permits for starting own bussiness or even building some much needed storage. Currently it is very hard to pass anything that requires getting permission from Story County zoning.	7/28/2015 10:40 AM
84	I wouldn't want to change anything about Story County I would want to change how some things go in Nevada. Only, because I think that there isn't very much anything for a teenager to do in Nevada. I think we should get like a roller skating rink our a dance hall for the whole community just so there is another thing besides the bowling alley for us kids. I would also want to change how the Lincoln Highway days are only because I think everyone wants it to be back at the 4h grounds in Nevada, but that might not be in my power.	7/28/2015 10:11 AM
85	more activities	7/25/2015 6:47 PM
86	Adding more things to do for fun. Attractions or businesses that up the excitement level of being here.	7/25/2015 9:25 AM
87	I would like to see more places to go to have fun.	7/24/2015 5:13 PM
88	I get very irritated with the amount of road construction I always see but nobody out working on it. They block off the streets and then don't even work on the project for another two weeks. I also think we should be able to swim in Ada Hayden Lake because I know a lot of people who would really like being able to do that.	7/24/2015 1:52 PM
89	Possibly an amusement park or larger water park would be fun to have.	7/23/2015 11:55 PM
90	Not sure- never lived anywhere better	7/23/2015 10:54 PM

Youth Survey Results

91	You probably won't give a crap anyway	7/23/2015 10:16 PM
92	I would like to see more things to do and see. Someone needs to create some attractions so others will come to story county.	7/23/2015 10:07 PM
93	more things to do	7/23/2015 9:57 PM
94	I would get rid of churches and religion so people would stop wasting their time with it	7/23/2015 7:10 PM
95	I want a lifetime fitness and an Olive Garden.	7/23/2015 5:00 PM
96	Nothing	7/23/2015 4:55 PM
97	More activities to do would be nice. Restaurants are also very crowded on weekends during the school year, and specifically the football season, which can be a limiting factor.	7/23/2015 4:50 PM
98	Paved road in between gilbert and north ames	7/23/2015 4:45 PM
99	More attractions and restaurants	7/23/2015 4:45 PM

Q5 Do you think you will stay in Story County after graduating from High School? If not, do you think you will you move back some day? Why or why not?

Answered: 103 Skipped: 7

#	Responses	Date
1	Yes, I am beginning to truly understand what a great place Story County is. I will come back for the location, living on the edge of a growing city while getting a feel for what living in the country is like.	9/27/2015 8:47 PM
2	I do not believe I will stay in Story County after graduating from High School and I have no idea if I will come back someday. Part of growing up is exploring new places and I would like to be able to travel to somewhere different and be able to experience how life is in a different area besides Story County Iowa, even as wonderful as the area is at times.	9/23/2015 9:02 PM
3	I hope to stay in Story County after high school. If I moved elsewhere to attend college I would definitely try to come back because it is a great place to raise a family	9/22/2015 7:05 PM
4	I don't know yet. It will depend on where I go to college and then what I get for a job after that.	9/20/2015 5:56 PM
5	I am staying in Story County after highschool, and I may stay even after college	9/20/2015 3:33 PM
6	yes I'll stay because I'll probably going to study in Iowa State University	9/20/2015 1:15 PM
7	I think I wouldn't stay here after high school because I want to explore other places but I would come back to visit once in a while.	9/20/2015 11:40 AM
8	If I go to Iowa State University, which is very likely, I will stay in Story County, but I may want to see other parts of the country. I really do like it here, so I might live here for the rest of my life.	9/20/2015 10:38 AM
9	I plan on living in Iowa my entire life, if not Ames. I really enjoy the environment. I feel safe here.	9/18/2015 3:02 PM
10	No, but I will put in my mind coming back here to raise a family because it is a great place to grow up in	9/18/2015 2:18 PM
11	I will stay in story county for collage, but after I will not stay. I want to go somewhere more technology inclined.	9/18/2015 2:11 PM
12	No I don't think I will stay in story county after I graduate, I think I will move somewhere else farther away, so I can experience new things/places. I have grown up here. I won't always live her but my family will.	9/18/2015 1:25 PM
13	No, and No, because I would like to experience something different	9/18/2015 12:33 PM
14	I want to travel after high school but once I'm ready to settle down I think I would definitely like to move either back to story county or to a county similar to it.	9/17/2015 4:58 PM
15	Probably. I have a feeling that I'll be going to ISU	9/17/2015 4:09 PM
16	I will leave one day for some better opportunities or something but I think I shall visit my roots every now and then.	9/17/2015 3:09 PM
17	Yes.	9/17/2015 1:28 PM

Story County Comprehensive Plan 2036: Cornerstone to Capstone

18	I'm not really sure what I will do after high school, I would surely love to stay here, and trust me this place will be greatly visited by me no matter my age, but I'm not sure it has the education im going to need for after high school.	9/17/2015 12:44 PM
19	I will stay for Iowa State to get my doctorate in Veterinary Medicine, but I'll probably move to a large city like Chicago, Albany, etc. the second school's finished so that I get the maximum amount of business possible and because I don't like quiet places.	9/17/2015 12:35 PM
20	I don't plan on going to school her so no and depends on my job	9/17/2015 12:24 PM
21	I am not sure. For what I want to do for my career in the future is not well known in story county. I plan to visit though if I do end up moving away.	9/17/2015 12:17 PM
22	I am not for sure if I will move from Story County, but if I do, I would probably come back. I would like to experience new places, but I know that Story County is a good place to live.	9/17/2015 11:30 AM
23	I think I will stay close to where I'm graduating from High School but I also have an urge to explore the world and that might end me up in another place.	9/17/2015 11:18 AM
24	no	9/17/2015 11:17 AM
25	I'm not sure, but I feel story county is a safe place to live.	9/17/2015 11:13 AM
26	I think I will be very close by after graduating and if I'm not in Story County, I may move back	9/17/2015 11:11 AM
27	I will not stay most likely due to college, but I am uncertain on return.	9/17/2015 11:07 AM
28	Yes it is a great place	9/17/2015 10:57 AM
29	Yes. I think there is a possibility of me staying in Story county after high school if I go to Iowa State. If I move out of the state I think I will move back here after college.	9/17/2015 10:48 AM
30	Yes, because I would want my children growing up in a good school district which Story County has to offer.	9/17/2015 10:46 AM
31	No because I want to live in montana. I might move back because of family	9/17/2015 10:44 AM
32	I will not stay in Story County but I may move back one day	9/17/2015 10:44 AM
33	Probably. Its where my friends and family are	9/17/2015 10:23 AM
34	I will not be staying in story county after high school, and I don't have any plans of moving back yet. I'd prefer to go somewhere with a different mindset about jobs, relationships, and other things.	9/17/2015 10:06 AM
35	I think after High School I will leave Story County to experience other places around the country/world. I see myself moving back one day.	9/17/2015 9:40 AM
36	No, I will probably not live in Story County after High School because I want to experience a different type of environment.	9/17/2015 9:09 AM
37	Most of my family on my dads side are still in story county. The ones that aren't around here anymore are either way out west or live in another country now. After college, I wouldn't be surprised if I decided to move back here. It is a very likable area to live in.	9/17/2015 9:06 AM
38	I do kind of want to stay in story county after graduation because I would like to work here.	9/17/2015 9:01 AM
39	No, I might move back because I like it here, but I want to get away for a while...	9/17/2015 8:59 AM
40	Yes I like the place.	9/17/2015 8:52 AM
41	No, I'm going to move somewhere cold. I might visit later.	9/17/2015 8:48 AM
42	I will not stay in Story County because I want to see new things.	9/17/2015 8:42 AM
43	I don't know. I will probably move for college but maybe come back later.	9/17/2015 8:40 AM
44	I think I will live in the area for a while but I don't like the area very well.	9/17/2015 8:39 AM
45	I don't know at this point.... I might go to Iowa State for college	9/17/2015 8:39 AM
46	No. I would like to travel more. I might go to the local college after high school, but I'd don't see me living here.	9/17/2015 8:36 AM
47	No and I don't think I will move back because I want to move to New Jersey.	9/17/2015 8:30 AM
48	No, I will move far away. I'm not originally from here, and I hate the landscape. I miss the mountains of the desert where my family lives.	9/17/2015 8:25 AM
49	Ya, because it's a really kind community and I would like to stay in it	9/17/2015 8:21 AM

50	yes	9/17/2015 8:20 AM
51	no because going to college somewhere else	9/17/2015 8:09 AM
52	Yes, I think I will go to Iowa state and then move to Iowa City. I think I may move back because it's a great place to raise kids, but still have some fun.	9/16/2015 11:16 PM
53	I do not plan on staying. I am going to go to college out side of Story County and hopefully get a job and start my own family near my job. I would consider moving back, because it is a small community.	9/16/2015 11:14 PM
54	I would like to stay in Story County because it is a nice, safe place to live and my family lives here. However I would like to live next to a lake and work in a hospital someday so I may end up living in a neighboring county or another county in Iowa depending on where my life takes me.	9/16/2015 10:52 PM
55	No, I will not be living in Gilbert or Ames after graduating High School. And no, I do not think I will move back some day, if not for a brief amount of time. Why not? Exactly that in a way: why not? There is so much in this world to experience, why spend the rest of my life in this one place? Yeah, sure it's wonderful but I haven't seen anywhere else to compare it to.	9/16/2015 9:41 PM
56	I don't think I'll stay in story county after graduating. I might move back some day to take over my dads business.	9/16/2015 9:38 PM
57	I think I would move back someday because I don't know why you would leave everything and everyone you know	9/16/2015 9:38 PM
58	I probably won't stay in story county because this has been the only place I lived and I want to explore new options.	9/16/2015 8:58 PM
59	No, I want to get a scenery change during college but there is a good chance I would move back to start a family	9/16/2015 8:55 PM
60	I might...it depends what college I end up going to but I would like to raise my children here	9/16/2015 8:44 PM
61	I think that I will move somewhere warm to peruse my dreams. I think that most of my family will move as well, but visiting story county will be on our yearly to-do list, because our families past is important to us	9/16/2015 8:41 PM
62	I think I will stay in story county. I like growing up here and I think if I have kids they will too.	9/16/2015 8:26 PM
63	I would like to explore Iowa or maybe even another state some more. If I did move away, I would defiantly be back a lot, or even eventually move back! I love this county and town I live in now!	9/16/2015 8:09 PM
64	No I don't think I will. There's not many colleges in the area and it's not where I'd like to live every day because I'd like to go somewhere else instead of staying in the same spot all my life.	9/16/2015 6:37 PM
65	I might stay and go to Iowa State for college but then I'm probably moving. And I'm not sure I will move back but maybe when I'm really old I will.	9/16/2015 5:49 PM
66	Yes I will most likely attend ISU.	9/16/2015 4:41 PM
67	Yes because I like the smaller atmosphere.	9/8/2015 4:44 PM
68	Um, yes. I'm just going to Ames.	9/8/2015 11:12 AM
69	No, I don't know. Because I want to play soccer in the MLS and slowly make my way up.	8/11/2015 9:57 AM
70	I don't think I will stay here because I think my career would require me to live elsewhere.	8/9/2015 12:42 PM
71	I want to live north somewhere but I will come back sometimes	8/8/2015 9:50 PM
72	yeah I want to work like west hyvee in Ames and get my own car	8/7/2015 3:50 PM
73	Yes, I loved growing up here and I wouldn't want anything different for my family some day.	8/7/2015 3:37 PM
74	No because I would like to live in a bigger town	8/7/2015 1:29 PM
75	I don't know if I will stay or move, but I love living here. The community is great.	8/5/2015 3:39 PM
76	Yes, I like it here	8/4/2015 12:11 PM
77	Probably	8/3/2015 11:43 PM
78	No but I might come back. I will leave because I want to experience a big city. And that will impact my decision to come back.	8/2/2015 11:26 AM
79	I would love to move to Milford, Michigan at some point. The scenery is excellent, and the town has a certain "The land is hilly, but the town works around it" feel. Although there is absolutely nothing the county can do about it without spending an incredibly low estimate of \$1,500,770,000 (Yes, I actually did the math), I found Story County to be very flat.	7/30/2015 9:48 PM
80	No, I think that I will get a job not in Story County and live there.	7/29/2015 7:38 AM

81	I would, it's a good place to grow up.	7/28/2015 10:33 PM
82	I think i will stay in story county when i graduate	7/28/2015 5:05 PM
83	I think i will stay after high school but if i go to a college outside of SC then i might move back when older	7/28/2015 5:04 PM
84	I might be somewhere warmer but i will definetly come back to visit any friends and family still living there	7/28/2015 4:50 PM
85	Maybe	7/28/2015 4:45 PM
86	Yup. My family roots are here and i don't know anything different	7/28/2015 11:24 AM
87	yes	7/28/2015 11:23 AM
88	Yes. My family is in this area and i don't plan on leaving them anytime soon.	7/28/2015 10:40 AM
89	I have already decided that i will be moving away from Story County, but i do plan on coming back and visiting my hometown (Nevada) as much as possible because i love it.	7/28/2015 10:11 AM
90	not really. It's not because of anything that's wrong it's just not really an area that i feel matches me.	7/25/2015 6:47 PM
91	No, i want to go to a bigger school in another area. After college i would like to comeback because it is a good place to raise a family.	7/25/2015 9:25 AM
92	I think i will stay here. It has great living conditions.	7/24/2015 5:13 PM
93	I do not think that i am going to go to college at ISU just because i have been here for so long and feel that i want a little change. However, i do believe i will move back to somewhere near here eventually because i really enjoy Iowa weather and believe i am safe when around here.	7/24/2015 1:52 PM
94	I will probably stay to attend Iowa State University.	7/23/2015 11:55 PM
95	Yes i do because it is a good place to live and my family lives here.	7/23/2015 10:54 PM
96	God no. Only to visit family because i love them	7/23/2015 10:16 PM
97	Yes, possibly to go to Iowa State. After college i'd like to go somewhere like Des Moines where there's actually things to do and places to shop.	7/23/2015 10:07 PM
98	yes. college and people are nice here	7/23/2015 9:57 PM
99	Probably not but we'll see	7/23/2015 7:10 PM
100	No, i am going to college in a different state.	7/23/2015 5:00 PM
101	No, i want to travel while i am young. But i might move back to raise a family because it is so safe.	7/23/2015 4:55 PM
102	i'll probably stay because i can't afford out of state tuition for college, but i'll probably leave afterwards to experience living in other places.	7/23/2015 4:50 PM
103	Yes same reason above in question 3	7/23/2015 4:45 PM

1	Hi, I am way too old for your survey, but I would like to thank you, not only for doing a survey but for supporting it as well. Asking young people about the value of their hometown and schooling is long overdue. Our leaders can only benefit from young people's candid responses.	7/29/2015 12:47 PM

I took the 2015 C2C Plan Survey...

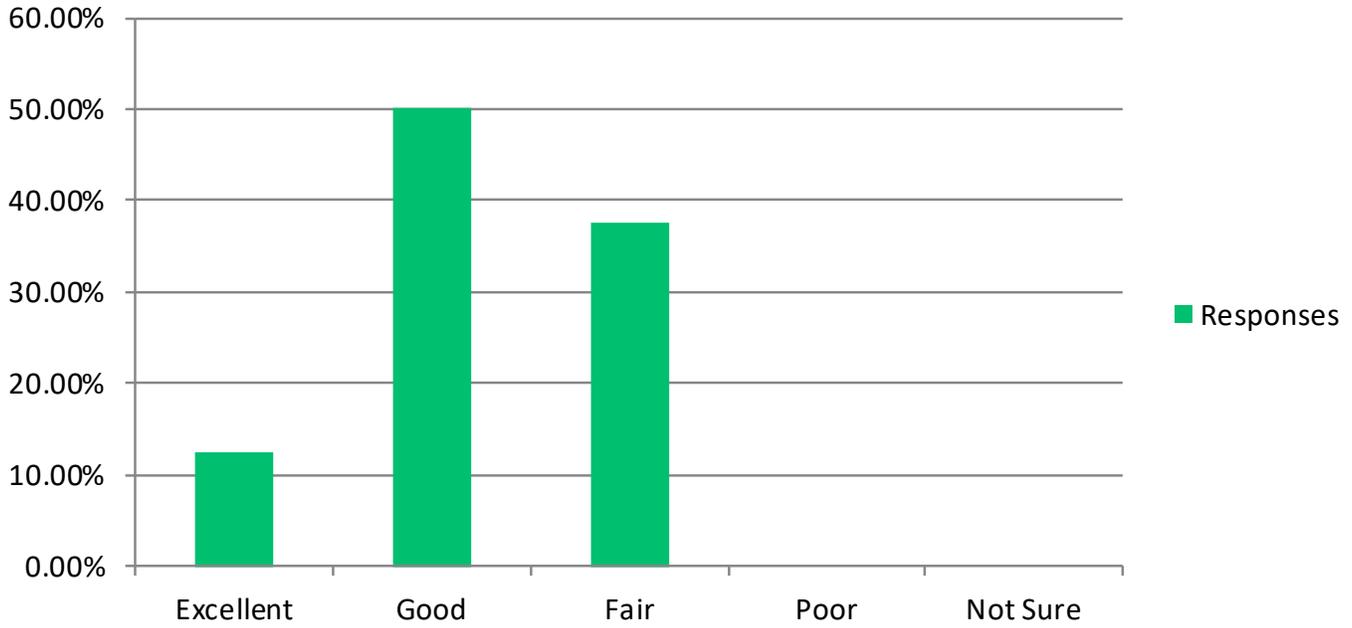

What are the three most important reasons you and your family choose to live and/or work in Story County?
