

You can expect to pick up three types of litter:

Refundables

empty beverage containers, plastic bottles, glass bottles, aluminum cans

Recyclables

cardboard, paper, glass, electronics, batteries, etc.

Garbage

food scrapes, food packaging, Styrofoam, etc.

Sponsor Acknowledgement:

Remember:

Whatever your project is, you must be prepared for an emergency!

I, _____ (sponsor),
acknowledge that the information listed in the brochure has been covered in a Safety Meeting prior to Clean-Up session.

Remember _____

You are working in a potentially dangerous environment ...

A Public Highway

To Protect Yourself and Others

We recommend ...

- One adult supervisor per four children - keep children in sight at ALL TIMES.
- Provide water or refreshments for workers.
- Every crew should have a first aid kit.
- Avoid overexertion.
- Have transportation available at all times.
- Park all vehicles off the roadway and shoulders.
- Where possible, access to highway right-of-way should be gained off the right-of-way rather than from the roadway surface.

- Park all vehicles off the roadway and shoulders.
- Where possible, access to highway right-of-way should be gained off the right-of-way rather than from the roadway surface.
- Stay well clear of any construction projects.
- Face oncoming traffic.
- Wear required ANSI-2 safety vests when working on right-of-ways.
- Wear light colored clothing.
- Wear a hat and long sleeves.
- Wear gloves.
- Leather boots or hard-soled shoes should be worn.
- Watch footing when walking on slopes.
- Be alert for holes and obstacles.
- Look over entire area for drop-offs, washouts, open tiles, or obstacles prior to working in the right-of-way.
- You are not expected to pick-up litter from pavement surface or shoulders of the pavement.
- Be careful when using a litter pick-up stick.
- Stop work in inclement weather.
- Leave no holes or depressions in the roadside at the completion of any portion of work.
- Do not remove hazardous substances - if in doubt, contact highway personnel.

Sponsor's Additional Responsibilities:

- To perform the work specified in a satisfactory, safe and professional manner.
- To conduct safety meetings each year with volunteers or employees who may be expected to carry out this agreement. Participants must attend a safety meeting conducted by the sponsor, covering materials in the enclosed safety list, before participating in any roadside activity and written documentation of the safety meetings shall be provided to the County Engineer. For your convenience, simply date and sign the back of the safety list and mail to our office after you have conducted the safety meeting.
- To insure that all participants wear an ANSI Class II certified safety vest when picking up litter.
- Litter is to be picked up only during daylight hours.
- To remove litter from the designated roadside a minimum of two times per year and to be completed by June 15 and October 15. A waiver may be granted by the Story County Engineer.
- To provide satisfactory trash bags and to dispose of the collected material.
- To obtain a signed waiver from a parent or guardian for all participants under the age of 18.
- To provide adult supervision at the work site.
- Annual renewal of the permit.
