March 21, 2012

## PUBLIC NOTICE

As a courtesy public notice, the Story County Environmental Health Department would like to inform you that the Iowa Department of Natural Resources (DNR) has received and approved the application for the construction of a Confined Animal Feeding Operation in Story County.

The proposed location is Section **10** of **LINCOLN** Township.  
The parcel involved is: **04-10-200-100**  
Address: **69451 110<sup>th</sup> Street**  
Construction start date: **on or after March 23, 2012**

Iowa DNR regulates animal feeding operations to protect surface and groundwater resources. All operations must follow some regulations when land applying manure or when building a new structure or expanding an existing operation. Generally, regulations differentiate between the type and size of operation, and the type of manure storage that is used. The DNR understands the capacity for the proposed facility will be greater than 500 animal units, but less than 1000 animal units. **This size of operation does not require a DNR animal feeding permit and therefore does not require a Master Matrix review by Story County.**

You are being notified as a courtesy because you are the owner of record of property within ½ mile of the proposed operation. Copies of the application materials and manure management plan are on file and may be viewed in the Story County Environmental Health office located in the Administration building (515-382-7240).

Permitting of animal feeding operations is administered by the DNR (not the county). Questions regarding the permitting of this facility should be directed to:

Bill Gibbons  
Environmental Specialist  
Iowa DNR Field Office 5  
(515) 725-0335  
[bill.gibbons@dnr.iowa.gov](mailto:bill.gibbons@dnr.iowa.gov)

The list of affected property owners for this public meeting is derived from official records of the Story County Assessor's Office. Because of the lag time between occupancy and record-keeping, or because of rental situations, a few affected property owners may have been missed.

PLEASE RECYCLE
