Cash Rent

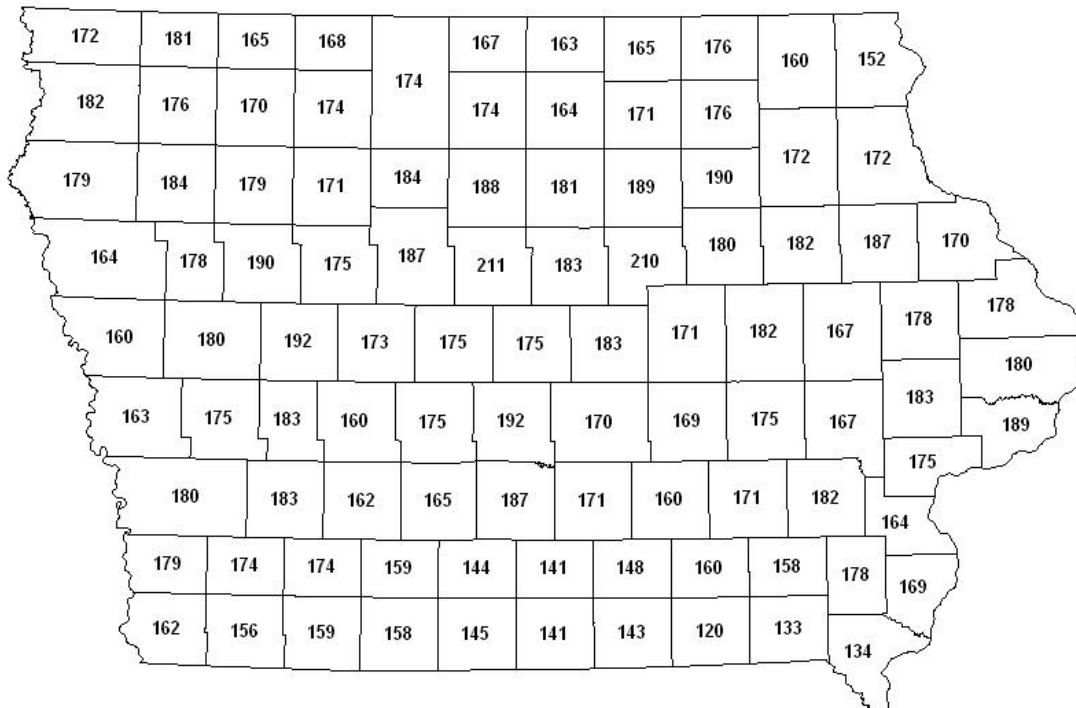

Des Moines, IA – Cash Rent paid for **non-irrigated cropland** in Iowa increased \$5.00 from \$170.00 per acre in 2008 to \$175.00 in 2009 at the state level. Central Iowa had the highest cash rental rates in the state with Hamilton and Grundy counties at \$211.00 and \$210.00 per acre, respectively.

Iowa state level cash rent paid for **irrigated cropland** remained unchanged from 2008 to 2009 at \$190.00. Because Iowa does not have a large amount of irrigated cropland, few counties could have data published.

Cash rent paid for **pasture** in Iowa, at \$43.00 per acre, was \$1.00 higher than 2008 at the state level. West Central Iowa had the highest pasture cash rental rates in the state with three counties in that district over \$60.00 per acre

Note: In response to public comment, NASS has changed its schedule of cash rent data collection and publication. Cash rent data collection for 2010 is now underway with county-level data scheduled to be published in September 2010.
