

## Public Notice

### Antidegradation Alternatives Analysis for the City of Roland, Iowa

Notice Date: February 8, 2017

Notice is hereby given that the City of Roland, Iowa has completed a draft antidegradation alternatives analysis for discharge of treated wastewater to an Bear Creek tributary to the South Skunk River. The action being considered is construction of an enhanced treatment aerated lagoon system with the Lemtec process to replace the City's existing aerated lagoon facility. The Bear Creek is protected for Class A2 secondary contact recreational and B(WW-2) warm water beneficial uses.

Anyone wishing to comment on the proposed treatment alternative must do so in writing within 30 days of the date shown at the top of this notice. Comments may be submitted to the City Clerk by hand delivery, mail: City Clerk, 202 E. Ash Street, P.O. Box 288, Roland, IA 50236.

Copies of this notice, the draft antidegradation alternatives analysis and supporting information are on file and available for public inspection from 8:00 AM to 4:30 PM Monday through Friday at the above address. Copies of this information may be requested by contacting the City Clerk at 515-388-4861. The City will submit a summary of comments received and the City's responses to the Iowa Department of Natural Resources with the final alternatives analysis subject to IDNR review and approval
