

Public Notice

Antidegradation Alternatives Analysis for the Iowa State University Power Plant Ames, Iowa

Notice Date: February 27, 2017

Notice is hereby given that Nalco Company, LLC for the Iowa State University Power Plant out of Ames, Iowa has completed a draft antidegradation alternatives analysis for discharge of treated industrial effluent to an unnamed tributary to College Creek to Squaw Creek. The action being considered is a chemical substitution. The tributary is protected for Class G non-contact recreational use.

Anyone wishing to comment on the proposed treatment alternative must do so in writing within 30 days of the date shown at the top of this notice. Comments may be submitted to Matthew Wildman by hand delivery, mail or email: Matthew Wildman, 8710 Earhart Lane SW, Cedar Rapids, IA 52404 or mwildman@hrgreen.com.

Copies of this notice, the draft antidegradation alternatives analysis and supporting information are on file and available for public inspection from 8:00 AM to 5:00 PM Monday through Friday at the above address. Copies of this information may be requested by contacting Matthew Wildman at 319-841-4320 or the above email address. HR Green, Inc. will submit a summary of comments received and the associated responses to the Iowa Department of Natural Resources (IDNR) with the final alternatives analysis subject to IDNR review and approval.
