

# STORY COUNTY PRIVATE WELL OWNERS

Spring is a great time to test your well water for Coliform bacteria and nitrate levels. Annual testing is recommended because the taste, smell, or visual appearance of your well water will not necessarily allow you to detect contaminants!

Story County private well owners are eligible under our grant program to have your water tested for bacteria, nitrate, and arsenic concentrations for **FREE**.

Contact the Story County Environmental Health Department:  
[Healthweb@storycountyia.gov](mailto:Healthweb@storycountyia.gov) or at  
515-382-7240 for testing information today!
